Do It With Words Kfir Luzzatto, 2014-12-20 Regrow Lost Hair and Restore Its Natural Color to Gray Hair Do It With Your Mind Do It With Words No Magic Potions or Lotions Needed You can make changes to your body with your mind What nonsense Snake oil B S That s what some people will tell you So let me show you in a few seconds how wrong they are Close your eyes Imagine looking at a juicy half lemon that you hold in your hand Now imagine squeezing it and seeing its juices flow When you start salivating open your eyes and go on reading You just saw how your mind affects your body and turns your salivary glands on It can also make your hair follicles go back to work Let s be realistic The method taught in this book will not give you back the same thick hair that you had in high school Hair loss and graying is a natural process We can slow it down reverse it to some extent but we cannot make it go away altogether If you are reading these lines it means that you are worried because you are losing hair or graying fast and the first thing to do is to stop that process Too many people make money by selling useless preparations they don t want you to hear a simple secret You already hold the power to make it better You just need to learn how to use it If you carefully follow the technique taught in this book hair loss will stop or significantly slow down Then you will see hair growing back in places where it had stopped growing a long time ago You can also restore color to your hair which may not be exactly the color you had in your teens mine grew of a color darker than before but it will look and feel better and so will you You already have what you need to succeed your mind You don t have to buy anything or to concoct any magic potion You must understand how your mind communicates its orders to your body and learn how to make this channel of communication work to improve the health of your hair In fact as you will see when you read the book this is a particular application of a general principle that you can exploit in many other areas But I want to be very clear There is no magic wand in the book Achieving a positive result requires a will to succeed Your mind runs your body and you have to learn how to put it to work for you The good news is that when you begin to use the techniques taught in the book you also start to reap benefits immediately which adds to your motivation to succeed Two highly respected practitioners in the field expressed their opinion of the value of this technique It s a wonderful application of something that I have believed in for many years now the power of mind over body This technique is worthy of serious attention Michael J Hadfield D Hyp MBSCH Kfir Luzzatto has laid down a path for you to reach many goals traditionally considered difficult or impossible I see Kfir as very much a visionary pioneer in the mind body field We are fortunate to read what he has discovered and reveals Forbes Robbins Blair *Do It With Words* is a straightforward guide into the power of your mind I am a former skeptic who reformed after witnessing how mind body practices deliver tangible results The book provides visual proof and a precise blueprint of the mind body experiment in which I succeeded in my attempt to regrow lost hair and to restore its natural color to gray hair The book describes in precise detail how I regrew lost hair restored its natural dark brown color to my previously white hair used self hypnosis guided imagery and meditation to achieve all results without the aid of any
