Dodenspoorweg Door Het Oerwoud:

Dodenspoorweg door het oerwoud Henk Hovinga, 1976 **Asian Labor in the Wartime Japanese Empire** Paul H. Kratoska, 2014-12-18 During the Pacific War the Japanese government used a wide range of methods to recruit workers for construction projects throughout the occupied territories Mistreatment of workers was a major grievance both in widely publicized cases such as the use of prisoners of war and forced Asian labor to construct the Thailand Burma Death Railway and in a very large number of smaller projects In this book an international group of specialists on the Occupation period examine the labor needs and the recruitment and use of workers whether forced military or otherwise throughout the Japanese empire This is the first study to look at Japanese labor policies comparatively across all the occupied territories of Asia during the war years It also provides a graphic context for examining Japanese colonialism and relations between the Japanese and the people living in the various occupied territories *Prisoners of the Sumatra Railway* Lizzie Oliver, 2017-12-14 Prisoners of the Sumatra Railway is the first book to detail the experiences of British former prisoners of war POWs who were forced to construct a railway across Sumatra during the Japanese occupation It is also the first study to be undertaken of the life writing of POWs held captive by the Japanese during the Second World War and the transgenerational responses in Britain to this period of captivity This book brings to light previously unpublished materials including Exceptionally rare and detailed diaries notebooks and letters from the railway Memoirs from Sumatra including detailed recollections and post war statements written by key personnel on the railway such as Medical Officers and interpreters Remarkable original artwork created by POWs on Sumatra Contemporaneous photographs taken inside the camps Employing theories of life writing memory and war representation including transgenerational transmission Lizzie Oliver focuses particularly on what these documents can tell us about how former POWs tried to share preserve and make sense of their experiences It is a wholly original study that is of great value to Second World War scholars and anyone interested in 20th century Southeast Asian history or war and memory **The Encyclopedia of Indonesia in the Pacific War**, 2009-12-14 An obvious hiatus amidst the abundance of Pacific War studies is the story of Indonesia during that period The Encyclopedia of Indonesia in the Pacific War edited under the aegis of the Netherlands Institute for War Documentation now fills that gap This state of the art work reflects the different experiences and historiographic traditions of Indonesians Japanese and Dutch The aim is to present the developments in the Indonesian archipelago in as much a rational and dispassionate way as possible taking into account regional and social variations and interpreting them within the international context of pre and post war trends With due acknowledgement of different perspectives ambiguities unresolved issues and conflicting views it sets out to enhance mutual understanding and academic dialogue *Bijdragen tot de taal-, land- en volkenkunde van Nederlandsch-Indië*, 1997 Literatuur overzicht issued with v 95 **Bijdragen tot de taal-, land- en volkenkunde**, 1997 **Prisoners of the Japanese in World War II** Van Waterford, 1994 Narratives and facts on life in

Extremes in the Archipelago Jeroen Touwen, 2001 In the late colonial period 1870-1942 the Outer Islands of Indonesia formed a dynamic area. The economic development of these islands outside Java is analysed in this book by focusing on the enormous increase in trade after 1900. The Outer Islands are described individually and as a group, paying special attention to regional differences. The core of the study is to examine the effects of trade, foreign and domestic, on economic development. Although the economic policy of the colonial government played a role in the gradual formation of a national economy, it did little to advance the relatively backward regions of the Outer Islands. As one of the largest and most tumultuous economies in Southeast Asia, Indonesia nowadays attracts a lot of international attention. This book will serve the study of the diverse and dynamic economic history of late colonial Indonesia, which profoundly influenced post-war events and the formation of a national state.
