**Making David into Goliath** Joshua Muravchik, 2015-12-15 During the Six Day War of 1967 polls showed that Americans favored the Israelis over the Arabs by overwhelming margins In Europe support for Israel ran even higher In the United Nations Security Council a British resolution essentially gave Israel the terms of peace it sought and when the Arabs and their Soviet supporters tried to override the resolution in the General Assembly they fell short of the necessary votes Fast forward 40 years and Israel has become perhaps the most reviled country in the world Although Americans have remained constant in their sympathy for the Jewish state almost all of the rest of the world treats Israel as a pariah What caused this remarkable turnabout Making David into Goliath traces the process by which material pressures and intellectual fashions reshaped world opinion of Israel Initially terrorism oil blackmail and the sheer size of Arab and Muslim populations gave the world powerful inducements to back the Arab cause Then a prevalent new paradigm of social justice in which class conflict was supplanted by the noble struggles of people of color created a lexicon of rationales for taking sides against Israel Thus nations can behave cravenly while striking a high minded pose in aligning themselves on the Middle East conflict

**American Ingrate** Benjamin Weingarten, 2020-03-17 She says that America was founded by the genocide of indigenous people and on the backs of slaves and that ignorance really is pervasive among Americans today She says America must dismantle capitalism and demilitarize U S foreign policy which she sees from the perspective of a foreigner tweeting thousands of Somalis were killed by American forces NotTodaySatan She says American support for Israel is all about the Benjamins baby and that American Jews disloyally pledge allegiance to Israel s apartheid regime which has hypnotized the world She says of the 9 11 attacks some people did something Shockingly Congresswoman Ilhan Omar s D MN words merely scratch the surface of her hatred of America and the West and divert our gaze from the nefarious actions she is taking to sabotage it from within American Ingrate is the defining book on the size scope and nature of the threat posed by Representative Omar the personification of the anti American Left Islamist nexus heightened by her hidden collusion with like minded adversaries foreign and domestic and alleged criminality and corruption This is a clarion wakeup call to the dangers epitomized by Rep Omar For she is not merely a lone radical in Congress but the archetype of the new Democratic Party and a uniquely dangerous figure at the heart of a uniquely dangerous challenge to America **Key Changes** Howie Singer, Bill Rosenblatt, 2023 Tells a new story about the history of the music business and the ten technological advances that disrupted it over the last century In recent years narratives about the music industry tend to hew to a common theme it was humming along for decades until the Internet and Napster came along and disrupted it Key Changes shows that this view is incorrect the industry was actually shaken up not once in the 1990s but ten times over more than 100 years These ten disruptions came with the introduction of new formats for enjoying recorded music starting with the cylinders and discs played on early phonographs then moving through radio LPs tapes CDs television digital downloads streaming and streaming

video and then into Artificial Intelligence AI which enables a wide range of new capabilities with profound impacts upon the business This book devotes a chapter to each of these formats illustrating how such innovations beget shifts in creativity consumer behavior economics and law Each of the technological innovations covered in this book not only disrupted the music business but also fundamentally altered the industry s character And while the technologies themselves have evolved in unique and varied ways over the decades the changes within the business follow a clear pattern Veteran music industry professionals and music technology experts Howie Singer and Bill Rosenblatt illuminate this pattern through a framework they term the 6 Cs cutting edge technology channels of distribution creators consumers cash copyright This framework provides insight into how such disparate innovations similarly disrupted and transformed the music business in each era Extensively researched and supplemented by interviews with Grammy winning artists producers and executives the book provides an insightful perspective on the ways technology has fundamentally altered the music industry throughout history and into the present era
