Trade Options Online George Fontanills,2000 With the advent of online and electronic trading more investors are turning into traders This book takes a critical look at the online brokers that offer options trading and shows how trading strategies work in the online world **Online Harassment** Jennifer Golbeck,2018-07-20 Online Harassment is one of the most serious

problems in social media To address it requires understanding the forms harassment takes how it impacts the targets who harasses and how technology that stands between users and social media can stop harassers and protect users The field of Human Computer Interaction provides a unique set of tools to address this challenge This book brings together experts in theory socio technical systems network analysis text analysis and machine learning to present a broad set of analyses and applications that improve our understanding of the harassment problem and how to address it This book tackles the problem of harassment by addressing it in three major domains First chapters explore how harassment manifests including extensive analysis of the Gamer Gate incident stylistic features of different types of harassment how gender differences affect misogynistic harassment Then we look at the results of harassment including how it drives people offline and the impacts it has on targets Finally we address techniques for mitigating harassment both through automated detection and filtering and interface options that users control Together many branches of HCI come together to provide a comprehensive look at the phenomenon of online harassment and to advance the field toward effective human oriented solutions *China and the*

Internet Song Shi,2023-12-15 Two oversimplified narratives have long dominated news reports and academic studies of China s Internet one lauding its potentials to boost commerce the other bemoaning state control and measures against the forces of political transformations This bifurcation obscures the complexity of the dynamic forces operating on the Chinese Internet and the diversity of Internet related phenomena China and the Internet analyzes how Chinese activists NGOs and government offices have used the Internet to fight rural malnutrition the digital divide the COVID 19 pandemic and other urgent problems affecting millions of people It presents five theoretically informed case studies of how new media have been used in interventions for development and social change including how activists battled against COVID 19 In addition this book applies a Communication for Development approach to examine the use and impact of China s Internet Although it is widely used internationally in Internet studies Communication for Development has not been rigorously applied in studies of China s Internet This approach offers a new perspective to examine the Internet and related phenomena in Chinese society
