Whatever the truth of the matter may be it is right that Doctor From Lhasa be made available to the general public once again It stands on its own merit and is highly enjoyable On the larger more fundamental issues it raises every reader must come to a personal decision It is possible that this book may be the absolute truth yet another product of the incredible powers of the holy men of the Himalayas who are said to have projected their reincarnations into the hilly areas of America to avoid the holocaust brought by the Chinese to Tibet Could we as a nation be ignoring one of the greatest gifts we have ever received *Whitaker's Five-year Cumulative Book List ,1958*
