God to the fall into a state of sin It must reckon with a holism that spans distinctions between body soul and spirit and a unity that encompasses male and female as well as racial and cultural difference The Christian Doctrine of Humanity represents the proceedings of the sixth annual Los Angeles Theology Conference which sought constructively and comprehensively to engage the task of theological anthropology The twelve diverse essays in this collection include discussions on Human thought and the image of God The relevance of biblical eschatology for philosophical anthropology Living and flourishing in the Spirit Vocation and the oddness of human nature Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future Locating Atonement

Zondervan,2015-11-10 A Close Look at Atonement s Place in Contemporary Systematic Theology In light of renewed interest in the doctrine of atonement during which a range of atonement models have gained momentum among different traditions it s important to map these models to the broader context of theological thought on this aspect of Christ s work and to show how no single approach has the complete picture The proceedings of the third annual Los Angeles Theology Conference seek to identify the place of the doctrine of atonement in systematic theology Locating Atonement stays away from discussion of theories of atonement typologies of those theories and contests among various theories Instead its focus is on the question What else is there to do in atonement theology besides rehashing types and theories The twelve diverse essays in this collection include discussions on Atonement and the concept of punishment Atonement and ascension Atonement and human suffering Atonement and covenant Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future **The Task of Dogmatics** Zondervan,2017-11-21

Defining the Nature Process and Mission of Dogmatic Discourse Theologians often discuss method in a remote and preliminary way that suggests they are not yet speaking theologically when speaking methodologically But it is also possible to reflect on the work of Christian dogmatics in a way that is self consciously nourished by biblical reasoning resourced by tradition joined up with ecclesial practice and alert to spiritual dynamics Bringing together theologians who are actively engaged in the writing and editing of extended dogmatics projects The Task of Dogmatics represents the proceedings of the 2017 Los Angeles Theology Conference and seeks to provide constructive accounts of the nature of the dogmatic task The eleven diverse essays in this collection include discussions on Identifying theology s pattern and norm The validity and relativity of doctrinal statements The Apostle Paul and the task of dogmatics The retrieval of patristic and medieval theology Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future The Voice of God in the Text of Scripture Zondervan,2016-11-01 A Development of the

Doctrine of Scripture and Its Interpretation In the case of engaging with Scripture in a way that allows it to speak to us we have a theological mandate to develop a doctrine of Scripture that recognizes both the written text and its divine authorship The proceedings of the fourth annual Los Angeles Theology Conference focuses on the theological and doctrinal dimensions to the biblical texts drawing on scholars of biblical studies and systematic theology in order to do so The question that frames these discussions is How does the voice of God come to us in the text of Scripture The ten diverse essays in this collection include discussions on Authorial intent The reception and formation of the Bible as Christian Scripture The relationship between Scripture and human identity The hermeneutics of metaphor and theological method Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future Divine Action and Providence Zondervan,2019-11-26 Thinking Clearly and Deeply about the Theology of God's Intervention in the World The claim that God acts in the world is surely a basic theological claim but it's one that has been understood in a wide variety of ways in the Christian theological tradition In some accounts God appears as the largest first and most powerful agent In others God is portrayed as the transcendent ground of all finite agency while never acting on the same plane as other agents Divine Action and Providence represents the proceedings of the seventh annual Los Angeles Theology Conference which invited theologians across Christian traditions to contribute their constructive accounts and proposals to the theology of God's relation to and intervention in the world The eleven diverse essays in this collection include discussions on The particularity and detail of divine action Recovering the identity of the God of providence The theological meaning of the course of history The nature of omnipotence Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future Confessing the Church Zondervan,2024-04-16 The 2023 Los Angeles Theology Conference examines ecclesiology that is the doctrine about the Church Conference contributions offer constructive proposals for understanding and confessing the doctrine of the Church with historical depth ecumenical scope and analytic clarity This book contains the proceedings of the conference **Three Dissertations, etc. Dissertations relating to the Christian Doctrine of the Trinity ... The second edition** Isaac Watts,1725 The Christian Doctrine of the Trinity ... Asserted and Prov'd, Etc Isaac Watts,1722
