The Educator's Guide to Texas School Law Jim Walsh, Frank Kemerer, Laurie Maniotis, 2014-09-15

Much has changed in the area of school law since the first edition of The Educator's Guide was published in 1986. Successive editions grew incrementally longer to keep abreast of legal developments. In this new eighth edition the authors have streamlined the discussion by pruning older material and weaving in new developments. The result is an authoritative source on all major dimensions of Texas school law that is both well integrated and easy to read. Intended for Texas school personnel, school board members, interested attorneys, and taxpayers, the eighth edition explains what the law is and what the implications are for effective school operations. It is designed to help professional educators avoid expensive and time-consuming lawsuits by taking effective preventive action. It is an especially valuable resource for school law courses and staff development sessions. The eighth edition begins with a review of the legal structure of the Texas school system. As Chapter 1 notes, education law is a complex interweaving of state and federal constitutional, statutory, administrative, and judicial law. It is important to understand the nature of the system before reading other sections. Successive chapters address attendance and the instructional program, the education of children with special needs, employment and personnel, expression and associational rights, the role of religion in public schools, student discipline, open meetings and records, privacy, search and seizure, and legal liability under both federal and Texas law. In addition to state law, the book addresses the role of the federal government in school operation through such major federal legislation as the Americans with Disabilities Act, the Individuals with Disabilities Education Act, and the Family Educational Rights and Privacy Act. Statute and case references are kept as simple as possible, and a complete index of case citations is included for those readers who wish to consult the cases themselves. The appendices describe how case law is reported and where to find it, along with a glossary of legal terms and a listing of other sources on Texas school law.

Oaxaca al Gusto Diana Kennedy, 2011-12-01. No one has done more to introduce the world to the authentic, flavorful cuisines of Mexico than Diana Kennedy. Acclaimed as the Julia Child of Mexican cooking, Kennedy has been an intrepid, indefatigable student of Mexican foodways for more than fifty years and has published several classic books on the subject, including *The Cuisines of Mexico*, now available in *The Essential Cuisines of Mexico*, a compilation of her first three books, *The Art of Mexican Cooking*, *My Mexico*, and *From My Mexican Kitchen*. Her uncompromising insistence on using the proper local ingredients and preparation techniques has taught generations of cooks how to prepare and savor the delicious, subtle, and varied tastes of Mexico. In *Oaxaca al Gusto*, Kennedy takes us on an amazing journey into one of the most outstanding and colorful cuisines in the world. The state of Oaxaca is one of the most diverse in Mexico, with many different cultural and linguistic groups often living in areas difficult to access. Each group has its own distinctive cuisine, and Diana Kennedy has spent many years traveling the length and breadth of Oaxaca to record in words and photographs these little-known foods, both wild and cultivated, the way they were prepared, and the part they play in the daily or festive life of the communities. *Oaxaca al Gusto* is the fruit of these labors and the culmination of Diana Kennedy's life's work. Organized by regions, *Oaxaca al Gusto* presents some three hundred recipes, most from home cooks for

traditional Oaxacan dishes Kennedy accompanies each recipe with fascinating notes about the ingredients cooking techniques and the food's place in family and communal life Lovely color photographs illustrate the food and its preparation A special feature of the book is a chapter devoted to the three pillars of the Oaxacan regional cuisines chocolate corn and chiles Notes to the cook a glossary a bibliography and an index complete the volume An irreplaceable record of the infinite world of Oaxacan gastronomy Oaxaca al Gusto belongs on the shelf of everyone who treasures the world's traditional regional cuisines
