Een Wereld In Oorlog Militaire Geschiedenis In Hoofdstukken:

Een Wereld in oorlog, 1995 Overzicht van 30 eeuwen krijgsgeschiedenis van Europa het Ottomaanse Rijk India en Latijns Amerika met als uitgangspunt dat oorlog een algemeen menselijk cultuurverschijnsel is en als zodanig onlosmakelijk verbonden met de samenleving waardoor de maatschappelijke kontekst meer nadruk krijgt *A Traditionalist History of the Great War, Book III* Alexander Wolfheze, 2025-03-13 This third volume of the series *A Traditionalist History of the Great War* provides an in depth reassessment of the events leading up to the outbreak of the First World War It views the systemic failure of Great Power diplomacy as the result of an increasing existential incompatibility and growing power imbalance between the Modernity aligned Triple Entente and the Tradition aligned Germanic empires The final breakdown of international diplomacy in 1914 was preceded by major crises and peripheral wars that shaped not only the alignment of the Great Powers but also the mindset of their leaders who found themselves facing historical forces beyond their control This book reconstructs the crises and wars of the pre war years as well as the military calculations of July 1914 showing how they are consistent with an overall geopolitical trajectory that inexorably led to the final show down between the forces of rising Modernity and waning Tradition *The Soldier and the State in South America* P. Silva, 2001-01-19 After a long era of military rule the South American nations have been working on the construction of a new democratic order This book provides a long term historical assessment of the main features of civil military relations in this region from independence in the early nineteenth century to the current process of democratic consolidation with special attention to the cases of Argentina Brazil Chile and Peru **Genesis and Nemesis of the First Dutch Colonial Empire in Asia and South Africa, 1596-1811** Gerrit Knaap, 2022-12-28 Based upon a sweeping command of Dutch East India Company VOC primary sources Knaap s manuscript offers a thought provoking thematic examination and chronological survey of the Dutch Republic s overseas and colonial expansion in Asia and South Africa mainly through the VOC and its successors the Batavian Republic the Kingdom of Holland and Franco Dutch Java over a period of more than two centuries 1596 1811 It elucidates and deals with several conceptual and theoretical issues that are intrinsically important and germane to a polity s definition of and how it chooses to execute the process of expansion overseas in the early modern period One of this work s major arguments and contributions is its advocacy that the Dutch VOC s expansion in Asia was an imperial project and must be seen as an act of empire or at the very minimum the attempt to construct one via the innovative utilization of a highly organized and dynamic commercial institution with significant political and diplomatic power and naval and military resources

Circumambulations in South Asian History Jos Gommans, Om Prakash, 2003-09-01 This exciting and thought provoking volume written by a small number of outstanding scholars on colonial and medieval Indian history ethnohistory and the new military history of South Asia forms the best tribute thinkable to one of the leading scholars in the field of Indian History Professor Dirk Kolff Focusing on wider geographical as well as on more specific social and military aspects the first

section deals with issues of Islamic and European expansion in South Asia The second section examines specific medieval topics such as military service and slavery legitimacy and religious devotion The third section represents Kolff's interest in colonial history and his more recent excursions into the realms of Subaltern and Cultural Studies A must for every library

Exercise of Arms, 2021-10-25 The great European conflict known as the Thirty Years War was only the final phase of a war in the Netherlands which was to last 80 years In the course of this the Dutch rose up successfully against their Spanish rulers and established a Republic in the early 16th century which was the envy of its contemporaries This volume brings together papers by 11 leading military historians from the Netherlands who discuss the processes by which the Dutch organised and financed the military apparatus which was eventually to defeat the leading land and maritime power of their day and to maintain the position of Holland as a world power until well into the 18th century Articles cover military matters such as changes in strategy and tactics and issues such as the financing of the war effort the navy privateering and the arms trade

Gewapend met kennis Louis Ph Sloos, 2012 Aan het eind van de vijftiende eeuw ontstond het idee dat oorlogvoering niet louter een praktisch vak is maar ook een degelijke theoretische onderbouwing nodig heeft Daarbij speelde de boekdrukkunst als nieuw communicatiemiddel een cruciale rol want via het gedrukte woord konden kennis en informatie op krijgskundig gebied brede verspreiding krijgen De basis voor de militaire publicistiek ligt in Italië maar vanaf het eind van de zestiende eeuw verscheen ook in Nederland een groot aantal nu wereldberoemde militaire werken

Krijgsvolk Erik Swart, 2006 In Krijgsvolk behandelt Erik Swart de gewapende macht te lande van de Nederlandse opstandelingen tegen Filips II in de eerste fase van de Opstand Anders dan wat tot dusverre is aangenomen bezaten de opstandelingen wel degelijk coherente ideeën over oorlogvoering en een strijdmacht om deze uit te voeren Swart werpt dan ook een nieuw licht op het succes van de Nederlandse Opstand tot 1590 en daarmee op het ontstaan van het Staatse leger en de militaire macht van de Republiek De troepen van de rebellen zaten middenin een proces van professionalisering dat al voor de Opstand was begonnen Willem van Oranje vervulde een prominente rol in het proces dat zich onder Maurits zou voortzetten
