

FarmVille: Harvest Swap - Tips You Need To Know

On January 12, Zynga released their new match-3 game, FarmVille: Harvest Swap in the Philippines. At the beginning of the first few levels, and when new features are introduced, a farmer character gives a tutorial to give directions and explain the premise of the game. Additionally, a story is told between chapters to aid in explaining the goals and challenges that you will come across in the next chapter. Similar to King's Farm Heroes Saga, your primary goal is to match and collect crops.

Monetization

The currency used to buy lives, extra moves, and power ups is a diamond. You start out with 50 free diamonds. It costs nine diamonds for five extra moves to play on after running out, and eight to fill up on all five lives. You also win a few hundred coins after passing each level, depending on your score. Coins can be used to buy power ups such as shovels, where you can get three for 650 coins. The shovel is used to clear a single piece, comparable to the lollipop power up in Candy Crush Saga.
