**A Theoretical Construct to Increase the Efficiency and Effectiveness of Disaster Responses Utilizing Public-private Partnerships** Richard M. Hamlet, 2017 The Homeland Security Act of 2002 and the subsequent passage of the Post Katrina Emergency Management Reform Act of 2006 provided the Department of Homeland Security and FEMA a mandate to provide guidance and protocols designed to enhance areas of collaboration and coordination by and between multiple emergency management public agencies These agencies directly provided for the inclusion of private sector businesses and industries in the planning and response components of emergency management The purpose of this qualitative case study was to examine the feasibility of establishing a new public private partnership that would be responsible for and have the authority and funding to enhance emergency management capabilities The key component was that this new entity would allow public sector agencies to focus on strategic planning and training priorities while the private sector filled the resource procurement and deployment function The research study was a single case study that examined local state and federal elected and appointed officials attitudes about the proposed entity The study examined through open ended interviews with questions that aligned with the specific research questions that focused on collaboration funding and fusion center effectiveness The data was coded and analyzed through multiple queries utilizing NVivo11 software Major themes that emerged included the dependency on funding for training and equipment for local departments

from the state and federal agencies that created a sense of dependency in the conduct their operational capabilities  
Recommendations emerging from the study included the creation of a meaningful and definition of homeland security to  
revise the operation access to the fusion center and finally to expand the access of the FEMA Emergency Management  
Institute to private sector training

**The Private Sector's Role in Disasters** Alessandra Jerolleman, John J. Kiefer  
Ph.D., 2015-10-05 This book examines the role of the private sector in emergency management and how that role is changing  
through private sector intersections with government government agencies and the public sectors in all phases of emergency  
management It particularly focuses on the areas in which government regulations and guidelines promote or encourage priv
