The Vanishing American Dream Virginia Deane Abernethy, 2017-09-08 The United States has gone off track allowing domestic and foreign aid policies to be co-opted by a government abetted by mass media that serves special interests rather than the greater national good Americans' tendencies to trust, play fair and help have been abused and require replacement by a realistic outlook The Vanishing American Dream posits solutions to get America back on the right track Abernethy sees population growth driven by mass immigration as a major cause of economic and cultural changes that have been detrimental to most Americans The environment has been degraded by over crowding and increasing demands on natural resources Work is cheapened by explosive growth in the labour force creating a buyer's market One salary or wage no longer supports a family and educates children Women working outside the home is a necessity not a choice for most American families Furthermore feminism aimed originally at balanced gender roles has been turned viciously against males of all ages and ultimately against females through degrading their traditional and valuable contributions Abernethy proposes that Americans need time to regroup untroubled by a continuing influx of foreign peoples The family, small business and responsive local government are centres around which a solvent and confident citizenry can prosper again Cultural Representations of the Second Wife Jo Parnell, 2023-12-11 Cultural Representation of the Second Wife Literature Stage and Screen is a multifaceted interdisciplinary cross cultural work that provides insights into the realities of second wives the world over This book allows the reader a three dimensional view of the second wife experience It asks What does it mean and what does it feel like to be a second wife in a polygamous union or in a monogamous partnership Is there a difference Together the writers in this book cleverly create an in depth study of the subject through the productions referred to in the title to offer a different approach to the popularly held views of the second wife The book addresses the intricacies, customs, practices and lifestyles of the various Eastern and Western cultures and demonstrates the abilities of the Humanities to connect and interrelate with other disciplines as well as with the reader's own world Ethnicity and Family Therapy Monica McGoldrick, Joseph Giordano, Nydia Garcia-Preto, 2005-08-18 This clinical reference provides the latest knowledge on culturally sensitive practice with more than 40 different ethnic groups and demonstrates how to weave cultural information into assessment and intervention *Marriage and Civilization* William Tucker, 2014-02-03 Marriage built civilization Will its collapse lead to our downfall In Marriage and Civilization Tucker takes readers on a journey through the history of the human race to demonstrate how a pattern of life long monogamous pairings has enabled humans to build modern civilization Drawing extensively on biological, anthropological and historical evidence Tucker makes the case that marriage is not only a desirable institution for societies it's actually the bedrock of civilization Tucker also examines America and the world's current marriage crisis and the factors that have led to the decline of marriage, the dramatic rise of divorce and the epidemic of single parenthood He draws bold predictions about what could happen to American society if marriage collapses entirely

and he sketches out the threat from polygamous groups such as fundamental Muslim sects Polygamy Tucker argues not only generates discontent and disorder within a society but promotes violence against others Monogamous marriage is vital not only to our domestic well being but our survival in the face of violent enemies **Beyond Marriage** John Veiby,1914

Curtis,1908 A comprehensive and permanent record of all the important tribes of the United States and Alaska that still retain to a considerable degree their primitive customs and traditions The value of such a work in great measure will lie in the breadth of its treatment in its wealth of illustration and in the fact that it represents the result of personal study of a people who are rapidly losing the traces of their aboriginal character and who are destined ultimately to become assimilated with the superior race It has been the aim to picture all features of the Indian life and environment types of the young and the old with their habitations industries ceremonies games and everyday customs Though the treatment accorded the Indians by those who lay claim to civilization and Christianity has in many cases been worse than criminal a rehearsal of these wrongs does not properly find a place here General introduction
