Dream Killer A Theology Of Suffering:

Dream Killer Eva Bridges,2014-12-18 A biblical theology of suffering Inner-City Blues Darvin Anton Adams,2023-04-13 Black theology s addressing of economic poverty in the Black neighborhoods and communities of the United States gives substantive reasoning to the fact that Black poverty is a theological problem In connecting the narrative of idolatry to the irreversible harm that is associated with all forms of poverty this new book interlocks the racial subjugation of Black Americans with the false assumptions of capitalism Here the inner city blues of poverty are experienced by those who reside in metropolitan cities and rural towns The poverty of Black Americans is described with a vision of development and reconciliation one that is intentional in its use of cultural language and inclusive to the destructive images of Black people s deprivation In understanding how idolatry foundationalizes deprivation in the inner city communities I envision the liberation motif in Black theology working with the mission of the Black church for the purposes of community empowerment and neighborhood development As a form of material and structural poverty Black poverty is an interdisciplinary study that requires a holistic approach to ministry With a theological focus on deprived inner city communities this new volume strategically moves the conversation of Black poverty from description to construction to solution **Triumph Through**

Failure John J. Navone SJ,2014-11-10 We confront failure in all levels of our humanity There is failure in the use of the gifts of the earth the unlimited exercise of intelligence the enjoyment of freedom and in the acceptance of the call of an infinite God The failure to achieve fulfillment at any one of these levels may contribute to a particular frustration that may destroy the wholesome harmony necessary for happiness In a period of utopian ideologies and theologies this book may serve as a reminder that we do fail and that our faith does not promise that we shall not fail Yet precisely because we experience failures we find cause for hope and deliverance outside ourselves This is the theology of the cross triumph through failure

Backlash George Yancy, 2018-04-15 When George Yancy penned a New York Times op ed entitled Dear White America asking white Americans to confront the ways that they benefit from racism he knew his article would be controversial But he was unprepared for the flood of vitriol in response The resulting blowback played out in the national media with critics attacking Yancy in every form possible including death threats and supporters rallying to his side Despite the rhetoric of a post race America Yancy quickly discovered that racism is still alive crude and vicious in its expression In Backlash Yancy expands upon the original article and chronicles the ensuing controversy as he seeks to understand what it was about the op ed that created so much rage among so many white readers He challenges white Americans to rise above the vitriol and to develop a new empathy for the African American experience

Saved from Sacrifice Mark S. Heim, 2006-08-10 The cross has long been not only a scandal but also a profound paradox filled with saving significance and power it is at the same time a sobering tragedy In Saved from Sacrifice theologian Mark Heim takes on this paradox asserting that the cross must be understood against the whole history of human scapegoating violence In order to highlight the dimensions of his argument Heim carefully and critically draws on the groundbreaking work of French theorist and biblical scholar Ren Girard Yet Heim goes beyond Girard to develop a comprehensive theology of the atonement and the cross through his fresh readings of well known biblical passages and his exploration of the place of the victim
