Fundamentals Of Global Strategy A Business Model Approach Strategic Management Collection

Jerzy Surma

Fundamentals Of Global Strategy A Business Model Approach Strategic Management Collection:

Fundamentals of Global Strategy Cornelis A. de Kluyver, 2010-08-20 The globalization of the competitive landscape has forced companies to fundamentally rethink their strategies Whereas once only a few industries such as oil could be labeled truly global today many from pharmaceuticals to aircraft to computers have become global in scale and scope As a consequence creating a global competitive advantage has become a key strategic issue for many companies Crafting a global strategy requires making decisions about which strategy elements can and should be globalized and to what extent

Global Business Strategy Cornelis A. de Kluyver, John A. Pearce II, 2021-05-15 Global Business Strategy looks at the opportunities and risks associated with staking out a global competitive presence and introduces the fundamentals of global strategic thinking The authors demonstrate how a company should change and adapt its domestic business model to achieve a competitive advantage as it expands globally Our framework includes a company's business model the strategic decisions a company needs to make as it globalizes its operations and globalization strategies for creating a competitive advantage A business model has four principal dimensions market participation the value proposition the supply chain infrastructure and its management model

Fundamentals of Global Strategy, Crafting a global strategy requires making decisions about which strategy elements can and should be globalized and to what extent and de Kluyver's Fundamentals of Global Strategy can help you illuminate these facts to your students Open Textbook Library website **A Primer on Corporate**

Governance, Second Edition Cornelis A. de Kluyver, 2013-05-10 This long awaited second edition book is a primer on corporate governance for large publicly held companies in the United States the system that defines the distribution of rights and responsibilities among different participants in a corporation and spells out the rules and procedures for making decisions on corporate affairs As with any complex system corporate governance functions best when all of its constituent elements work in harmony when each performs its assigned role with the right incentives properly aligned interests and the right tools for the job The turbulent history of corporate governance in recent years is a testimony that this has not always been the case A good number of the books written on corporate governance focus on legal issues the rights and obligations of the various stakeholders under federal and state laws or take the perspective of individual or institutional external shareholders This book with much updated material is positioned differently it approaches corporate governance from an executive perspective and is designed to help the reader become a more effective participant in the corporate governance system as an executive dealing with a board as a director or as a representative of a company's other numerous stakeholders

Intellectual Property in the Managerial Portfolio Thomas S. O'Connor, 2012-12-04 Intellectual property rights have in fact been a part of the American pantheon of types of property rights since the very beginning of the nation but using that term to describe them is a new phenomenon dating to the second half of the last century The recognition of the importance of protection of intellectual property rights became extremely important and distinctly more difficult as new technologies made

it possible for unscrupulous intellectual property pirates to purloin steal or otherwise make off with the intellectual property of the unaware This book introduces you to the underlying logic of intellectual property rights how to acquire them why they exist the benefits derived from their ownership and how they can be protected from the unscrupulous Inside you ll learn legal and commonsense alternatives that provide the keys to protection which are outlined with detailed instructions The availability of intellectual property rights protection both domestic and international is outlined and discussed as are the history of and current trends relevant to the legal rights of the intellectual property owner and the limits of protection provided by the law and by extralegal alternatives of providing protection
