

# INTRODUCTION

Assembled in this book are operating and maintenance instructions for the Farmall H and HV. This material has been prepared in detail in the hope that it will prove helpful to you in providing a better understanding of the correct care and efficient operation of your tractor.

If you should need information not given in this manual, or require the services of a trained mechanic, get in touch with the International Harvester dealer in your locality. Dealers are kept informed on the latest methods of servicing tractors. They carry stocks of IH parts, and are backed in every case by the full facilities of a nearby International Harvester District Office.

Throughout this manual the use of the terms LEFT, RIGHT, FRONT, and REAR must be understood to avoid confusion when following instructions. LEFT and RIGHT indicate the left and right sides of the tractor when facing forward in the driver's seat. Reference to FRONT indicates the radiator end of the tractor, and REAR the drawbar.

The illustrations in this manual are numbered to correspond with the pages on which they appear; for example, *Illustrs. 5 and 5A are on page 5.*

When in need of parts, always specify the tractor and engine serial numbers. The tractor serial number is stamped on a name plate attached on the left side of the clutch housing. The serial number is preceded by the letters FBH for the Farmall H and FBHV for the Farmall HV. See *Illustr. 2*. The engine serial number is stamped on the right side

**Illustr. 2**  
Location of tractor serial number.

of the engine crankcase above the battery ignition unit. This serial number is preceded by the letters FBHM for the Farmall H and FBHVM for the Farmall HV. See *Illustr. 2A*.

For ready reference we suggest that you write these serial numbers in the spaces provided below. The prefix letters printed in the boxes below are for the Farmall H; for the Farmall HV, change them accordingly.
