*The Diocese of Jamaica* J. B. Ellis, 1913      **The Jamaican People, 1880-1902** Patrick E. Bryan, 2000 A description of the period in Jamaica's history that follows the abolition of slavery up to the introduction of universal adult suffrage The author analyzes the social intellectual and political history of the era including health law labour and the ideas of the black intelligentsia      **The Diocese of Jamaica. A Short Account of Its History, Growth and Organisation ... With Map and Illustrations** John Bourne ELLIS (of Kingston, Jamaica.), 1913      A Guide for the Study of British Caribbean History. 1763-1834 Lowell Joseph Ragatz, 1932      The East and the West ,1912      **Bookseller and the Stationery Trades' Journal** ,1913      **The Bookseller** ,1913 Official organ of the book trade of the United Kingdom      *Missions, States, and European Expansion in Africa* Chima J. Korie, Raphael Chijioke Njoku, 2007-11-21 Missions States and European Expansion in Africa aims to explore the ways Christianity and colonialism acted as hegemonic or counter hegemonic forces in the making of African societies As Western interventionist forces Christianity and colonialism were crucial in establishing and maintaining political cultural and economic domination Indeed both elements of Africa's encounter with the West played pivotal roles in shaping African societies during the nineteenth and twentieth centuries This volume uses a wide range of perspectives to address the intersection between missions evangelism and colonial expansion across Africa The contributors address several issues including missionary collaboration with the colonizing effort of European powers disagreements between missionaries and colonizing agents the ways in which missionaries and colonial officials used language imagery and European epistemology to legitimize relations of inequality with Africans and the ways in which both groups collaborated to transform African societies Thus Missions States and European Expansion in Africa transcends the narrow boundaries that often separate the role of these two elements of European encounter to argue that missionary endeavours and official colonial actions could all be conceptualized as hegemonic institutions in which both pursued the same civilizing mission even if they adopted different strategies in their encounter with African societies      **The English Catalogue of Books [annual]**.
