## **Discipline Positive Pour Adolescents:**

**Routledge Handbook of the Global South in Sport for Development and Peace** Billy Graeff, Simona Šafaříková, Lin Cherurbai Sambili-Gicheha, 2024-07-18 This book explores the field of Sport for Development and Peace (SDP) putting Global South voices and perspectives at the centre of the analysis. Covering a wide range of thematic and methodological areas that inform existing and emerging discourses in SDP, it represents an unparalleled resource for researchers and practitioners working in this area. Arranged into geographical sections covering Africa, Asia, South America, North America and Oceania, the book presents original research in Global South countries or by Global South researchers and practitioners, sometimes in collaboration with colleagues from the Global North. It highlights practices and theories created, developed, interpreted and reinterpreted by people who belong to the communities where these sporting experiences have been taking place and whose critical reflections and experiences have yet to gain attention in international academic and practitioner communities in the English language. The book presents the views of diverse stakeholders: programme participants, promoters, coaching staff, volunteers, researchers, teachers, lecturers and other actors that have been difficult to access for researchers who do not usually speak languages other than English. A landmark publication in the field of SDP, this book is essential reading for any advanced student, researcher, practitioner or policy maker with an interest in the value of sport in international development.

La Discipline positive pour les adolescents Jane Nelsen, Béatrice Sabaté, 2014-09-03 Une méthode pour des adolescents autonomes, responsables et des parents plus détendus. L'adolescence est une période de transition et de bouleversements qui inquiète souvent les parents et tourmente ceux qui la traversent. À l'ère du numérique et des réseaux sociaux, le désir d'autonomie des jeunes transforme les relations et laisse parfois les parents désarmés. Comment garder le lien et un échange de qualité avec son adolescent ? Comment le motiver ? Comment l'accompagner sans l'assister ou le contrôler ? Comment développer des relations basées sur un véritable respect mutuel, sortir des conflits du quotidien et les aider à devenir acteurs de leurs vies ? La Discipline Positive propose une démarche éducative qui allie fermeté et bienveillance. Ni punitive ni permissive, elle offre aux parents des outils concrets pour poser avec leurs adolescents une autorité juste fondée sur l'encouragement et le développement des compétences socio-émotionnelles.
