The Psychological Contract: Managing And Developing Professional Groups George, Christeen, 2009-10-01 The book seeks to make sense of the organizational experiences of the professional worker by drawing on several areas of research including the psychological contract social identity theory theories of career development and retention The author uses real life examples and short case studies to situate psychological theory within organizations **Strategic**

Management in Tourism, 3rd Edition. CABI Tourism Texts Luiz Moutinho, Alfonso Vargas-Sanchez, 2018-02-26 This comprehensive textbook has at its core the importance of linking strategic thinking with action in the management of tourism It provides an analytical evaluation of the most important global trends as well as an analysis of the impact of crucial environmental issues and their implications Now in its third edition and reviewing the major factors affecting international tourism management this well established student resource provides an essential overview of strategic management for students and professionals in the tourism sector **Global Leadership**

Marshall Goldsmith, Cathy Greenberg, Alastair Robertson, Maya Hu-Chan, 2003-04-28 The follow up to Marshall Goldsmith s 500 000 copy bestseller The Leader of the Future Global Leadership The Next Generation systematically identifies what tomorrow s leaders will need to know do and believe in order to successfully lead the global enterprise of the future Drawing on the results of an extraordinary 2 year Accenture study of emerging business leaders this book shows why the skills of today s global leaders won t be enough and

why tomorrow's leaders won't resemble today's Goldsmith and his co-authors first identify five new factors of leadership and their implications: global thinking, appreciation of diversity, technological savvy, a willingness to partner, and an openness to sharing leadership. They explain what it will mean to lead in an era where intellectual capital is the dominant source of value, how to lead people whose backgrounds and values may be radically dissimilar from yours, and why achieving personal self-mastery is now a fundamental prerequisite for leading others. From the evolution of federated semi-autonomous organizational structures to the personal leadership challenges now arising from globalism, this book offers unprecedented insights into the new challenges of leadership and what it will take to meet them.

Developing and Engaging Clinical Leaders in the "New Normal" of Hospitals Federico Lega, Angela Pirino, 2022-09-14 Providing a systematic review of previous literature about the increasingly worrying challenge in transforming doctors to clinical leaders, Lega and Pirino offer a qualitative analysis of different countries facing the issue of training this hybrid role.

The Two Minute Drill Clinton O. Longenecker, Greg R. Papp, Timothy C. Stansfield, 2007-09-24 Authors Clinton Longenecker, Greg Papp, and Timothy Stansfield reveal that all too often business organizations are defeated while the clock is still ticking. Boggled down by sluggish business practices that stifle change, they are unable to pick up the pace when necessary to score and win. The Two Minute Drill translates football's lessons for business leaders who want to succeed in today's competitive marketplace. The book clearly shows what it takes to accelerate change and improvement within any type of organization.

Spirituality and Corporate Social Responsibility David Bubna-Litic, 2012-08-28 Religion and spirituality have often been treated with a secular disdain by management theorists. Recently the tide has begun to turn, and there is a growing openness to cite spirituality in academic analysis and debate, and when considering issues of practical concern to those engaged in the actual business of management. This provocative book brings together a range of leading thinkers to consider the relationship between spirituality and corporate social responsibility. The book's contributors examine spirituality as an inherent dimension of corporate life, even if it is only known through its absence and through the negative consequences of this absence on people and the planet. With contributors from four continents, David Bubna-Litic has assembled a range of fascinating perspectives having their origins in traditions that include Christianity, Process Theology, Hinduism, Contemporary Buddhism, Deep Ecology, Humanism, Post-Modern, and Post-Romantic Spirituality. Spirituality and Corporate Social Responsibility is a fascinating read for anyone with an interest in ways in which spirituality relates to what is or what should be driving businesses and organizations to more responsible behaviour.

Improving Workplace Learning Geraldine Castleton, Rodney Gerber, Hitendra Pillay, 2006 Closely linked to the concepts of growth and globalisation is the increasing recognition being given to the importance of the workplace as a site of learning. The value of the book rests in the fact that this framework does not have its foundations in just one academic discipline but rather provides a range of perspectives drawn from psychology, social psychology, sociology, and critical theory. The purpose is to move away from a unidimensional understanding of workplaces and workplace learning.

to provide a different standpoint from which to better appreciate the diversity and complexity of learning in the workplace. This significant book is divided into four inter related sections with each section contributing to the evidence base referred to earlier by offering informed considerations of the following questions: What kinds of contextual issues impact on workplace learning and what are the implications of these for improving workplace learning? What kinds of knowledge are required for contemporary work and what implications are derived from these for improving workplace learning? What models and case studies exist that reflect practices for improving workplace learning and What consideration of directions for future action to improve workplace learning can be made.
