**Selected Poems of Jorge Carrera Andrade** Jorge Carrera Andrade, 1972-01-01 While Latin American poets such as Pablo Neruda Jorge Luis Borges and Octacio Paz have been receiving most of the attention of critics the Ecuadorian poet Jorge Carrera Andrade had quietly continued writing his transparent poetry Nevertheless Carrera Andrade s poems are undoubtedly some of the best ever written in the Spanish language and he has often been mentioned as a likely candidate for the Nobel Prize In his poetic exploration of what he calls the secret country of human existence Carrera Andrade marvels at the beauty of the world And this wonder is conveyed by means of dazzling descriptive metaphors Perhaps it could be said that the Ecuadorian poet always interprets the world visually but his visual images constitute merely a metaphorical technique around which he constructs his poems In his verbal structures he expresses the transitory nature of life as well as the loneliness of man in the universe He describes life in his native Ecuador contemplates with compassion the plight of the Indians of his country and denounces social injustices More recently Carrera Andrade concerned about the destiny of mankind manifests his indomitable faith in humanity in the book *Hombre planetario* 1959 imagining a social utopia Carrera Andrade has stated that his poetry is the result of the intimate union of the senses and the intellect And yet his poems remain transparent He rejects obscurity and complexity and chooses simplicity and clarity He considers that one of the essential goals of poetry is communion with other men and that if his poetry cannot communicate its emotive and sensorial content it fails to accomplish its mission which is the interpretation of the world As to the universal meaning of his poetic work Carrera Andrade would recall Goethe s phrase All my works are fragments of a great confession He would

characterize his own work as a confession of love both for humanity and for the wonders of this world Carrera Andrade must be counted among the four or five best contemporary poets of Latin America Whether he is awarded a Nobel Prize still remains to be seen but there can be no doubt that in his poems one can detect the same literary excellence as in the work of Neruda Paz or Borges Hopefully the work of this great Ecuadorian poet will soon be universally appreciated In some of his works he can be compared to T S Eliot H Iderlin or Saint Jean Perse The publication of H R Hayes translations will for the first time make available to English speaking readers all of the significant verse of Carrera Andrade beginning with some of his first pieces from *La guirnalda del silencio* 1926 and ending with translations from *Pos a l'tima* 1957 1966 *El ordenador* Alberto Mendoza Morales, 1992 Resumen Este libro aporta un metodo para practicar el reordenamiento territorial del pais Parte del concepto de que el territorio es un organismo vivo Ofrece una herramienta tecnica fundada en el reconocimineto geografico del pais y en la interpretaci n de la cultura de la naci n El estudio recopila y presenta los mosaicos que dibuja la antropogeograf a de Colombia El conjunto vincula la geopolitica con la administraci n del estado para el optimo manejo de la republica *Host Bibliographic Record for Boundwith Item Barcode 30112117732716 and Others* ,1921 Nuestro mundo ,1924 **Papel periódico ilustrado** Alberto Urdaneta, 1882 Contains music **Crónica de la Araucania** Horacio Lara, 1889 **Album biográfico ecuatoriano** Camilo Destruge, 1903 Compendio de historia sagrada Théodore Bénard, 1903 **Obras completas** Jules Verne, 1888 Crónica de la Araucanía Horacio Lara, 1888 Diccionario enciclopedico hispano-americano de literatura, ciencias y artes ,1907 **Blanco y negro** ,1919
