**The Concept of Heritage in Alice Walker's Everyday Use** Natalie Lewis, 2002-07-17 Seminar paper from the year 2001 in the subject American Studies Literature grade 1 A University of Würzburg Institute for Anglistics American Studies course American Female Writers language English abstract Introduction Alice Walker's short story Everyday Use from the collection In Love and Trouble published in 1973 was written during the heyday of the Black Power movement when African Americans were trying to reach more than mere racial equality and insisted on self determination and racial dignity The tracing of ancestral African roots the slogan Black is Beautiful and the Afro hair style arose African American short stories of this period were often concerned with problematic issues of integration separation redefinition of the past distant African heritage and immediate family history In Everyday Use the contrast between two sisters and the domestic struggle over old hand made quilts reveal the use and misuse of the concept of heritage and different attitudes towards one's familiar

traditions and cultural background Alice Walker not only explores a disturbed intrafamily relationship between three black women of the South but represents a severe conflict within America's black society where new radical views and misperceptions of the word heritage collide with traditional black rural life style A singular general meaning of the term heritage does not exist Dictionaries mostly carry several definitions For example the Reader's Digest Illustrated Encyclopedic Dictionary gives the following two entries 1 Property that is or can be inherited an inheritance 2 Something other than property passed down from preceding generations a legacy a tradition Rattray 789

The Function of Tradition in "Everyday Use" by Alice Walker and "Yellow Woman" by Leslie Marmon Silko Sylvi Burkhardt, 2005-02-06 Seminar paper from the year 2000 in the subject American Studies Literature grade 1.3 University of Dusseldorf Heinrich Heine language English abstract Tradition is a simple and abstract word but it contains a vast amount of important connotations among them culture identity knowledge advice and emotions I have chosen the field of African American tradition and Native American tradition to present different views on tradition and tradition awareness To give a more detailed and concrete analysis I will use the short stories Everyday Use by Alice Walker and Yellow Woman by Leslie Marmon Silko In Everyday Use I will mainly point out what tradition means to the characters Dee Maggie and Mrs Johnson With the help of the story I will prove both the antagonistic relationship and the parallels between Dee on the one side and Mrs Johnson and Maggie on the other Then I will focus on the importance of the traditional quilting and the conflicts it brings up among the family members The short story Yellow Woman includes important aspects of the Native American culture such as the Trickster figure or the element of oral narration So I will present the character Silva as a Trickster figure and describe the importance of oral tradition Then I will continue with the protagonist's inner conflicts concerning her identity The last chapter concludes by comparing the attitudes of the short stories characters and gives perspectives

The Geographies of African American Short Fiction Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives The Geographies of African American Short Fiction seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations small towns a famous metropolis city sidewalks a rural wooded area apartment buildings a pond a general store a prison and more In the process these writers highlighted the extents to which places and spaces shaped or situated racial representations Presenting African American short story writers as cultural cartographers author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century Anthology editors solidified the significance of a core group of short story authors including James Baldwin Toni Cade Bambara Charles Chesnutt Ralph Ellison Zora Neale Hurston and Richard Wright Using quantitative information and an extensive literary
