**Augustine's Apocalyptic Political Theology in the Evil Saeculum** Pung Ryong Kim, 2024-09-16 Augustine's Apocalyptic Political Theology in the Evil Saeculum investigates Augustine's apocalyptic political theology under the premise that he perceived the saeculum or this age as evil. Augustine views the saeculum as wicked because of the activity of the devil and demons. For Augustine, the devil perverted our social life and politics by mediating the false collective memory of the created world, social life and politics through media such as various religious, cultural, liturgies and literary works. In particular, the demons reinforced Roman citizens' amor sui, amor laudis and libido dominandi by employing pagan rituals and literature that mediated the collective memory of the imperial period, justifying the existence and expansion of the empire. As such, this book explores the socio-political implications of Augustine's demonology. Revelation and the Politics of Apocalyptic Interpretation Richard B. Hays, Stefan Alkier, 2012 The power of the sacred canon to confront secular politics. *Apocalypse* Pablo Richard, 2009-05-01 The Book of Revelation has always been a mysterious and intriguing book describing in symbolic terms the confrontation between the Disciples of Christ and the powers political and supernatural that hold sway over the current age. Fundamentalists have been attracted to the book and have sought to decipher its strange symbols as coded prophecy of future events. But as Pablo Richard shows in *Apocalypse*, the most powerful readings of the Book of Revelation are through the eyes of the oppressed living out their Christian faith in the context of the modern empire. It is they who identify most strongly with Revelation's ultimate message of hope and life in the midst of death and persecution. *Apocalypse* first provides a general introduction to the reading of Revelation by examining three keys for its understanding: the historical, the sociological and the literary structural. The book then goes on to explore the whole of the Book of Revelation following the book's own structure. Each section provides a line by line reading of the text, establishing the literal meaning before applying the interpretive keys already established. *The Myth of the Reformation* Peter Opitz, 2013-06-19 Im Juni 2011 fand die erste Konferenz des Reformation Research Consortium RefoRC am Institut für Schweizerische Reformgeschichte an der Theologischen Fakultät Zürich statt. Der Titel 'Mythos der Reformation' ermutigte kritische Perspektiven auf herkömmliche Vorstellungen über die Reformation des 16. Jahrhunderts. Peter Opitz bietet eine Auswahl von dort gehaltenen Vorträgen und versammelt facettenreiche Aspekte und Perspektiven zur Thematik. Dadurch gelingt es Opitz, zumindest einen Mythos zu widerlegen, nämlich dass die Reformationszeit eine langweilige Periode war, in der es nicht viel mehr außer den herkömmlichen Mythen zu entdecken gäbe. **Currents in the Interpretation of Paul** Neil Elliott, 2024-09-05 The apostle Paul has long been championed or criticized as a Christian thinker, as a brilliant theological genius or an enthusiastic convert who spun arguments to justify his new allegiances. In these essays, Neil Elliott engages some of the most provocative currents in contemporary scholarship, including Paul and the nature of violence, the presumptions of religious, cultural or national innocence, in particular interpretations of the apostle, the recent enthusiasm for Paul in some streams of Marxist thought.

competing construals of economic realities in Paul's day and our own and questions surrounding Paul's legacy today

**Talking God in Society** Ute E. Eisen, Heidrun Elisabeth Mader, 2021-01-18 Peter Lampe's work has covered a wide range of fields the common denominator being his interest in contextualizing belief systems Mirroring his multifaceted work the authors pursue his interest from different interdisciplinary angles addressing the interdependence between religious expressions and their situations or contexts The application of theoretical models to texts examples flanks the inspiring theoretical epistemological and methodological reflections Studies in socio economic and political history adjoin archaeological epigraphic papyrological and iconographic investigations Social psychological interpretations of texts complement rhetorical analyses The hermeneutical reception of biblical materials in for example the Koran and Christian Chinese or Orthodox contexts as well as in religious education and homiletics rounds off the volumes **The Jews in**

**English Baptist Eschatology** Ivan E. Mesa, 2025-10-13 Ivan E Mesa explores how English Particular Baptists held a unique view of the Jewish people within God's unfolding redemption As Dissenters themselves Baptists empathized with the Jewish plight and connected their philo-Semitism to a larger theological vision that anticipated the Jews conversion and eventual return to the land of Israel English Baptists viewed Jews as the people of God beloved for the fathers sake Rom 11:28 They believed the nation of Israel would one day experience a transformative conversion aligning with God's covenantal promises Through figures such as Henry Jessey John Gill Andrew Fuller and Charles Spurgeon the author demonstrates how these Baptists advocated for Jewish readmission to England prayed for the Jews conversion and engaged in charitable work This Baptist perspective was distinct and influential demonstrating a millenarian zeal that connected religious political and cultural realms within England with implications stretching as far as the establishment of the modern state of Israel in 1948 Mesa offers a fresh perspective on Christian Jewish relations moving beyond the established narratives of anti-Semitism and toward a more comprehensive understanding of philo-Semitic eschatology **The Power of Hope** Deborah L.

Talbert, 1994-01-01 In this concise and clearly written commentary Charles H Talbert brings to mainline Christians a fresh reading of the book of Revelation demonstrating that it is not only accessible but relevant for the modern day Christian According to Talbert the primary causes of the marginalized status of the book of Revelation by mainline Christians are threefold the apparent inaccessibility of its meaning the seeming impossibility of its pastoral application and its demonstrated susceptibility to abuse Talbert ably demonstrates that the book of Revelation was written to help the early Christians avoid assimilation into the larger pagan culture Talbert also gives full attention to the literature of the Greco Roman early Christian and early Jewish worlds as he examines the more mystical components of the narrative
