Interview Questions and Answers for Freshers - English Navneet Singh, Preparing for an accounting interview as a fresher can be challenging but with the right preparation you can make a strong impression Here are some common interview questions along with sample answers that might help you

- 1 Tell me about yourself Answer I am a recent graduate with a degree in Accounting from XYZ University During my studies I gained a solid understanding of various accounting principles and practices I completed an internship at ABC Company where I assisted with preparing financial statements and reports and learned to use accounting software like QuickBooks I am highly motivated to start my career in accounting and contribute to your team
- 2 Why did you choose accounting as your profession Answer I chose accounting because I have always enjoyed working with numbers and have a keen eye for detail I appreciate the structured nature of accounting work and the importance of accurate financial reporting in making sound business decisions Additionally I believe accounting provides a solid foundation for understanding business operations and offers diverse career opportunities
- 3 What accounting software are you familiar with Answer I have hands on experience with QuickBooks which I used during my internship to manage financial transactions and generate reports Additionally I am familiar with Excel and have used it extensively for data analysis and financial modeling I am also open to learning new software and tools as needed
- 4 Can you explain the difference between accounts payable and accounts receivable Answer Accounts payable represents the money a company owes to its suppliers or creditors for goods or services received while accounts receivable represents the money owed to the company by its customers for goods or services delivered Essentially accounts payable is a liability and accounts receivable is an asset
- 5 How do you ensure accuracy in your work Answer I ensure accuracy by double checking my work following established procedures and maintaining a high level of organization During my internship I developed a habit of reviewing my entries and calculations to minimize errors I also find it helpful to use checklists and set reminders for critical tasks to ensure nothing is overlooked
- 6 Can you describe a challenging situation you faced during your internship and how you handled it Answer During my internship I was tasked with reconciling a large volume of transactions that had discrepancies I systematically went through each transaction matched them with supporting documents and identified the source of the discrepancies By carefully analyzing the data and collaborating with my supervisor I was able to resolve the issues and ensure accurate financial records This experience taught me the importance of attention to detail and persistence in problem solving
- 7 What are the main financial statements and why are they important Answer The main financial statements are the balance sheet income statement and cash flow statement The balance sheet provides a snapshot of a company's financial

position at a specific point in time showing its assets liabilities and equity The income statement shows the company s financial performance over a period including revenue expenses and net profit The cash flow statement outlines the inflows and outflows of cash indicating the company s liquidity and ability to generate cash These statements are important because they provide insights into a company s financial health and are used by stakeholders to make informed decisions 8 How do you stay updated with the latest accounting regulations and standards Answer I stay updated by regularly reading industry publications such as the Journal of Accountancy and the CPA Journal I also follow updates from professional bodies like the AICPA and FASB Additionally I plan to pursue continuing education and certifications such as the CPA to ensure that I am aware of the latest developments in the field 9 What are your strengths and weaknesses Answer My strengths include strong analytical skills attention to detail and proficiency with accounting software I am also a quick learner and can adapt to new environments and tools efficiently As for weaknesses I sometimes find it challenging to delegate tasks because I want to ensure everything is done correctly However I am working on improving my delegation skills by trusting my team members and providing clear instructions and support 10 Where do you see yourself in five years Answer In five years I see myself as a certified public accountant CPA with advanced skills and experience in financial analysis and reporting I aim to take on more responsibilities and possibly move into a managerial position where I can lead a team and contribute to strategic decision making I am committed to continuous learning and professional development to achieve these goals
