Books in Print ,1992 **Taking Back Philosophy** Bryan W. Van Norden, 2017-12-05 Are American colleges and universities failing their students by refusing to teach the philosophical traditions of China India Africa and other non Western cultures This biting and provocative critique of American higher education says yes Even though we live in an increasingly multicultural world most philosophy departments stubbornly insist that only Western philosophy is real philosophy and denigrate everything outside the European canon In *Taking Back Philosophy* Bryan W Van Norden lambastes academic philosophy for its Eurocentrism insularity and complicity with nationalism and issues a ringing call to make our educational institutions live up to their cosmopolitan ideals In a cheeky agenda setting and controversial style Van Norden an expert in Chinese philosophy proposes an inclusive multicultural approach to philosophical inquiry He showcases several accessible examples of how Western and Asian thinkers can be brought into productive dialogue demonstrating that philosophy only becomes deeper as it becomes increasingly diverse and pluralistic *Taking Back Philosophy* is at once a manifesto for multicultural education an accessible introduction to Confucian and Buddhist philosophy a critique of the ethnocentrism and anti intellectualism characteristic of much contemporary American politics a defense of the value of philosophy and a liberal arts education and a call to return to the search for the good life that defined philosophy for Confucius Socrates and the Buddha Building on a popular New York Times opinion piece that suggested any philosophy department that fails to teach non Western philosophy should be renamed a Department of European and American Philosophy this book will challenge any student or scholar of philosophy to reconsider what constitutes the love of wisdom

Meditations on First Philosophy René Descartes, 1993 Many other matters respecting the attributes of God and my own nature or mind remain for consideration but I shall possibly on another occasion resume the investigation of these Now

my principal task is to endeavour to emerge from the state of doubt into which I have these last days fallen *Paperbound Books in Print 1995* Reed Reference Publishing, 1995-12 **Proceedings and Addresses of the American Philosophical Association** American Philosophical Association, 2012 List of members in v 1 **The Journal of Philosophy**, 1997 **Philosophy in 30 Days** Dominique Janicaud, 2005 Plunge straight in and try out philosophy for real in just ten minutes a day This book may not turn you into a great philosopher in thirty days but it will show you how to begin to think philosophically Dominique Janicaud s shows that philosophy doesn t have to be intimidating It can even be fun He invites the reader to consider some of the big questions of philosophy and develop the critical inquiring attitude which characterizes good philosophy With a chapter a day this is philosophy at its most accessible Each short chapter tackles a single question such as What is a human being What does freewill mean Is philosophy simply a matter of reading the famous works of the past Do we need religion What are good and evil Along the way we are introduced to some of the greatest thinkers of the past from Plato to Nietzsche **Meditations on First Philosophy** René Descartes, 1993-10-01 Descartes s Meditations on First Philosophy the fundamental and originating work of the modern era in Western philosophy is presented here in Donald Cress s completely revised edition of his well established translation bringing this version even closer to Descartes s original while maintaining its clear and accessible style
