dress in the creation and assertion of black identity From the gardenia corsage worn by Billie Holiday to the work wear of female African Jamaican market traders through to the home dressmaking of black Britons in the 1960s and the meaning of a polo neck jumper as depicted in a 1934 self portrait by African American artist Malvin Gray Johnson this study looks at the ways in which the diaspora experience is expressed through self image Spanning the late nineteenth century to the modern day the book draws on ready made and homemade fashion photographs paintings and films published and unpublished biographies and letters from Britain Jamaica South Africa and the United States to consider how personal style statements reflect issues of racial and cultural difference The Birth of Cool is a powerful exploration of how style and dress both initiate and confirm change and the ways in which they expresses identity and resistance in black culture *The Complete Book of Reading, Grades 5 - 6* American Education Publishing,2001-07 Activities to reinforce reading and writing skills include vocabulary building reading comprehension grammar writing and test preparation **Feminist Collections** ,1996
