

3. Film will thread automatically through the film path on to the take-up reel.

If film comes out of take-up adjustment slot too straight to feed on core of take-up reel, push take-up adjustment lever up.

If film comes out of take-up adjustment slot with too much curl and feeds below core of take-up reel, push take-up adjustment lever down.

GAF Projectors incorporate a unique film path buffer system which eliminates sprocket wheels and automatically adjusts film tension. No film loops to form when threading or lost loops to reform during projection.

**NOTE:** Simplified instructions for film threading are printed inside projector cover for convenient reference.

## FILM PROJECTION

1. Turn projector control switch to FORWARD position for normal movie projection.
2. Readjust focus lever until picture image is in sharp focus on the screen.
3. If a frame line or portion of next picture shows on the screen, slowly turn framer adjustment knob until picture is centered.
4. If film stalls in the projector while operating, pull a few frames of film through projector by turning the take-up reel by hand.
5. If projector stalls, turn still adjustment knob (Model 1588Z and 1688Z).

## CAUTION: Turn off projector immediately...

1. If film should break.
2. If film fails to feed properly.
3. At the end of projection.

One frame of film may be damaged by heat if projection lamp is on with film stopped in other than STILL position (Model 1588Z and 1688Z).

*Social Work Diagnosis in Contemporary Practice* Francis J. Turner, 2005-02-10 The unifying theme of this broad reaching volume is that responsible ethical and effective social work practice rests on the diagnostic skills of the practitioner Social work diagnosis refers to the conscious formulation of an ongoing set of decisions about the client and his or her situation which serve as the basis for intervention decisions for which the practitioner must be prepared to take responsibility Diagnostic skill development is an ongoing process principally enhanced by a continuous commitment to remain at the cutting edge of the profession s body of knowledge but one of the challenges for today s practitioner is keeping abreast of the rapidly expanding body of knowledge contained in some 200 important social work periodicals in circulation Francis J Turner a preeminent clinical scholar brings together in one volume some of the best work published since 2000 each reflecting new insights into understanding psychosocial situations and innovative methods of applying knowledge and skills in an increasingly effective manner Each of the 78 articles in this volume highlights some of the critical dimensions of contemporary social work practice guiding clinicians to address four key aspects in order to craft an accurate diagnosis The first section presents articles covering the developmental spectrum each of which fully explains various ages and stages of development The second section focuses on a range of specific situations helping practitioners and students enrich their understanding of different types of problems they meet in contemporary practice whether they are based in mental illness psychosocial issues or physical ailments The third section addresses the crucial component of diversity demonstrating the complexity and critical importance of truly understanding clients and their lives The last section of the book discusses innovative approaches to practice selected to offer practitioners easy access to the latest interventions for a host of contemporary challenges facing clients and their therapists Broad in scope and tightly focused on the goal of providing the most up to date information necessary for accuracy in the diagnostic process this volume represents some of the best research available to today s social workers      Annual Report Plymouth (England).
