instead stuck in an individualized body which is seemingly prone to constantly shifting emotions controlled by a pendulum that swings between love and a sense of well being on the one hand and fear on the other Dax comes upon Link in this state of self discovery as he is in the process of learning to move his limbs Dax is a young 12 year old boy who is the village favorite He is very curious and lovable and often wanders out to the forested area beyond the village to rediscover nature This is where he meets Link the new human naked They engage in conversation and Link unfolds knowledge about creation different life forms in the universe physical and non physical how physicality came to be and the essential role of death in returning us to the realm of spirit and the possible option of choosing not to return to the turmoil of the physical existence all very new and enthralling for Dax and maybe for the reader The rest of the book is about Link's experience and observations of the human condition He learns about how central greed competition and dominance is to the human way of being as he outmanoeuvres Wall St and is asked to leave He learns about mistrust as he loses another job because he far outperforms his peers and is considered a freak He learns about the driving attraction between the genders when he meets Ria Through his final job as a social worker he goes on to learn much more about the highs and lows of being human and how best to help those who are more ready to move on to a higher level of being and understanding He recognizes that all life struggles are a misplaced attempt to connect to something higher and to find the wholeness we have lost when we unknowingly chose identification with form over spirit We are all on a journey into our wholeness In all of this Link has as his grounding Granma Hale Dax's grandmother who is always there to give him a listening ear learn from his constant unfoldings and facilitate his adjustment to Earth It was she for instance who brought together some key people in the village to a discussion at her house to build acceptance of this strange boy from another realm who suddenly finds himself here It was she too who found him his jobs Toward the end of the book she passes away peacefully enjoying the beautiful sunset which both herself and Link loved so much and which occurs often in the book The story ends with a poem which attempts to trigger in us the freedom to experience what we are at our core and create that LINK
