merciless fighting continuing in Florida Philadelphia and Baltimore Across the galaxies there is a seeming improvement in the military situation on Zaxon B due to the timely intervention of the last ship from the Fahimian Republic Any meagre Trevakian reserves are now being deployed to the deteriorating situation on Planet Earth to assist their new allies the ships currently travelling to the remote human enclave Eager to support and enhance the new additions to the Trevakian Empire a Battle Cruiser has been gifted to the human race the appropriately named Galactic Freedom a gesture of peace and solidarity with the new alliance members Destined perhaps unknowingly for a battle of annihilation that is engulfing the planet on board the surviving earth soldiers are deep in training some having even now bravely or naively joined the Trevakian Marine Corps But there is a flicker of hope a potent prototype weapon from the new charismatic allies that are few in number a rifle that the dreaded Morgons do not possess something that may stem and then reverse the tide if it arrives in time or is able to be produced in sufficient numbers Also on board one human female may hold a surprising and demoralising insight into where the invaders have actually come from the secret almost too incredulous to consider With the human world situation darkening and deteriorating the devastating firepower of the orbiting Morgon Warships is unleashed once more the massive energy blasts entering earth s atmosphere and hurtling towards another target There may be little of the beleaguered planet left to salvage when reinforcements finally arrive even if successful against overwhelming odds This is a time for heroes and ultimate survival time is short and running out Our Time is Now Planet Genocide II is the fifth book in the Galaxies Collide Series with an evolving story and the battle for humanity ongoing The author aims to provide a thoroughly enjoyable and imaginative reading experience at an affordable price for the reader All three works from the author s World War 2 Series concentrating on Stalingrad have achieved Best Seller status on Amazon in the UK and many more stories are outlined Imagination is free and to be cherished      *Darkness in the Stars* Andrew McGregor, 2016-01-30 Three Books in One The Last Marine in the Galaxy The Red Leopards of Zaxon B Planet Genocide I The near future Intercepted Message Transcript Initial Planetary Report from sensors Translation A planet with a suitable gravitational and protective atmosphere Air and temperate climate that is ideal for sustaining life An ideal land and sea mass distribution across the planet Rich mineral resources and fuel sources suitable for development Suitable land mass for cultivation and providing food for a vast and growing population Currently numerous residential animal species capable for cultivation and food provision Easily established and adapted infrastructure to provide efficient deployment and development Rare and essential metals ripe for extraction Current Occupying Species Expendable or suitable for cultivation Message Broken attempting re connect Jamming in progress Re connect disruption Jamming in progress Attempting to re connect covert intercept Jamming in progress unsuccessful attempt signal lost Retrieved message fragment Planetary Name Earth Lifeform Initial Report weak Expected Resistance negligible Message Ends At any time our lives or world could change and change dramatically Most of us do not even consider or are far too afraid to consider that this hour may be the last of that perceived normality That something has
