**In the Garden of the Gods** Eva Anagnostou-Laoutides,2016-07-07 Examining the evolution of kingship in the Ancient Near East from the time of the Sumerians to the rise of the Seleucids in Babylon this book argues that the Sumerian emphasis on the divine favour that the fertility goddess and the Sun god bestowed upon the king should be understood metaphorically from the start and that these metaphors survived in later historical periods through popular literature including the Epic of Gilgame and the Enuma Eli The author s research shows that from the earliest times Near Eastern kings and their scribes adapted these metaphors to promote royal legitimacy in accordance with legendary exempla that highlighted the role of the king as the establisher of order and civilization As another Gilgame and later as a pious servant of Marduk the king renewed divine favour for his subjects enabling them to share the Garden of the Gods Seleucus and Antiochus found these cultural ideas as they had evolved in the first millennium BCE extremely useful in their efforts to establish their dynasty at Babylon Far from playing down cultural differences the book considers the ideological agendas of ancient Near Eastern empires as having been shaped mainly by class rather than race minded elites

**The Story of Islamic Philosophy** Salman H. Bashier,2012-07-11 In this innovative work Salman H Bashier challenges traditional views of Islamic philosophy While Islamic thought from the crucial medieval period is often depicted as a rationalistic elaboration on Aristotelian philosophy and an attempt to reconcile it with the Muslim religion Bashier puts equal emphasis on the influence of Plato s philosophical mysticism This shift encourages a new reading of Islamic intellectual tradition one in which boundaries between philosophy religion mysticism and myth are relaxed Bashier shows the manner in which medieval Islamic

philosophers reflected on the relation between philosophy and religion as a problem that is intrinsic to philosophy and shows how their deliberations had the effect of redefining the very limits of their philosophical thought The problems of the origin of human beings human language and the world in Islamic philosophy are discussed Bashier highlights the importance of Ibn u fayl s ayy ibn Yaq n a landmark work often overlooked by scholars and the thought of the great Sufi mystic Ibn al Arab to the mainstream of Islamic philosophy     Who was Hiram Abiff?
