Finding Livelihood A Progress Of Work And Leisure:

Finding Livelihood Nancy J. Nordenson, 2019 Finding Livelihood is a book about work for grown ups It s about not just the work we thought we wanted but about the work we found and the work that found us It s also about the work we have lost At once a shrewd challenge of Buechner s assertion that the place God calls you to is where your deep gladness and the world s deep hunger meet and also a lyrical journey to the place where labor and love meet Finding Livelihood explores the tensions between the planned life and the given between desire and need between aspirations and limits back cover

Pondering Everyday Life Robert A. Stebbins, 2020-01-02 This pivot provides a conceptual statement of an approach to understanding the interrelationships of work leisure and chore activities in daily life and how they are managed in practice Drawing on the sociology of everyday life Stebbins puts forward the notion of Pondering Everyday Life PEA a thinking process activity in which we routinely understand coordinate organize remember and compare our involvements in work leisure and non work obligations This perspective demonstrates how the interrelation between these three domains helps bring meaning and continuity to everyday life As a micro and meso level conception that takes into account social cultural and historic context Stebbins contemplates how and what PEA can tell us about an individual s view of their own life Pondering Everyday Life will be of interest to students and scholars across leisure studies social psychology and the sociology of leisure and work

National gender profile of agriculture and rural livelihoods Food and Agriculture Organization of the United Nations, 2021-10-21 The National Gender Profile for Serbia represents the first comprehensive and structured attempt to collect and analyze available secondary data across all sectors relevant to agriculture and rural livelihoods It provides a profound analysis of gender issues in agriculture food security and rural livelihoods By this the assessment contributes to the existing body of knowledge on rural women s status establishes connections between gender inequalities and agriculture and food security and sustainable development in Serbia and suggests areas for future work to responsible stakeholders and FAO
