Modern Indian Literature as Cosmopolis Didier Coste, 2024-10-09 This book redefines modern Indian literature from a cosmopolitan comparative perspective inclusive of literature in English from India and the diaspora in native languages and works by non Indians It shows how since the mid 19th century Indian literary modernity pursued the conjunction of the sensuous and ethical spiritual that characterized its three traditions Sanskrit Persian and folk culture while the encounter both receptive and oppositional with the West vastly expanded the Indian literary sphere Aesthetics and ethics are not antithetical in the Indian cultural space but the quest for an exclusive Indian identity versus universalist approaches offsets concerns for social justice as well as enjoyable embodied communication The literary constellation in many languages now formed in and around India can be better apprehended as a virtual Cosmopolis a commonwealth of elaborate emotions The versatile figure of Hanuman metaphorically flies across this Ocean of Stories to make us discover new worlds of experience

Studies in the Development of Narrative This is a spring day and I am writing in a flood of sunlight in front of a brown French  
inn Above my head there is the dusty branch of a tree stuck out of a window the ancient sign that gave point to the proverb  
Good wine needs no bush Good books I suppose need no prefaces Rut honest authors realise that their books are never as  
good as they had planned them A preface put on last and worn in front to show what they would have liked their books to be  
is the pleasantest of their privileges And I am not inclined to do without it A book that calls itself a history of a subject with as  
many byeways and blind alleys as exist in the history of story telling is precisely the kind of book that one would wish one s

chapters torn rags of colour loosely patched together and then look back to my dream that gorgeous thing that for these five  
years past has glittered and swung before me I look from one to the other and back again and am almost ready to tear up the  
book in order to regain the delightful possession of the dream It was a task to be taken up reverently and with love and  
indeed these are the only qualifications I can honestly claim But it needed far more Now that I have done my best I look at  
the result and am afraid I hate like I hate the tourists in Notre Dame impertinent little books on Splendid subjects With my  
heart in my mouth I ask myself if I have made one About the Publisher Forgotten Books publishes hundreds of thousands of
