The Research Magnificent H. G. Wells, 2013-11-27 This is the annotated edition including the rare biographical essay by Edwin E Slosson called H G Wells A Major Prophet Of His Time Several of Mr Wells's books have been studies of society from the general standpoint but in some of his later stories such as The New Machiavelli and The Passionate Friends he has been more interested in thinking of what the individual life could do in and for society His book The Research Magnificent is the story of a man who being unlimited by minor matters set himself to find some theory of his work and duty in the world a plan of the world's future that should give a rule to his life A world state sustained by an aristocracy of noble men that idea or theory is not new to a reader of Wells but here will be found someone who tried to work out some practical way in the matter Not a novel one may readily say just as White the literary man who was called to look over Benham's papers said when the magnificent search had come to an end It is not unlike those autobiographical novels that as Mr Wells once wrote were popular throughout the third and fourth decades of the twentieth century It is the work of a novelist of course a story by a man who feels things keenly a man who is sensitive appreciative humorous whimsical But it is chiefly a matter of record valuable for the results it has in it

Where the Weeds Grow Curt Melliger, 2021-09 We are all looking for the ultimate something wild and beautiful beyond our wildest dreams The reason I hit the road went to skid row and climbed high peaks was to search for the raw pure holiness that I suspected permeated all of life You see I was not seeking religion salvation or even success I was tracking down the truth I was pursuing the source of all this I was hunting wildness And I found it I discovered it within wild deserts wild mountain ranges wild seashores wild animals and wild people I experienced it during epic journeys outrageous adventures and numerous close calls with death I witnessed it in the middle of nowhere in the heart of the city and in small town alleys late at night I felt it in the sudden surge of adrenaline the involuntary howl at the full moon and the sheer excitement bubbling over from inside like champagne from a shaken bottle Enclosed within these covers are tales of magic of wonder of things that last only a split second and others that endure forever Some of the chapters are

concerned with consciously confronting wildness approaching it touching it and then becoming it For to travel the almost forgotten but still available pathway to paradise is to return to the simple yet glorious joys of being free of being untamed of being utterly and completely alive therefore drawing nearer ever nearer to our wild oh so wild place of origin
