The Wealth Creator's Playbook John Christianson, 2019-03-22 An advisor to many of today's most successful wealth creators explains how to align your values with your wealth including the ways in which it is earned, managed and spent to maximize both wealth and personal fulfillment. Money is something most people fantasize about; if only financial independence became a reality, then life would be easier and more fulfilling. Wealth creators soon discover that while money provides incredible opportunities, it can also bring unexpected consequences: isolation, relationship challenges and a lack of purpose that are often byproducts of achieving financial success. Wealth is a gift that involves practical, psychological and spiritual stewardship. Wealth creators desperately need advice they can trust to maximize, not just manage, the gift of wealth. Drawing on wisdom from John Christianson's 25 years of experience advising some of the most successful wealth creators in the country, this book explores money, emotional intelligence, roadblocks around money and relationships, kids and money, generosity, identity and aligning your values with your money. *The Wealth Creator's Playbook* is the go-to guide for individuals who are chasing financial success and the richness of a deeply fulfilling life. *The Idea in You* Martin Amor, Alex Pellew, 2015-09-03 Take your passion and make it happen with *The Idea in You* by Martin Amor and Alex Pellew. Do you have an idea in you? A hobby, a project, a product, something that could change your life? *The Idea in You* is a bulletproof system for finding the right idea and shaping it into a success on your own terms. With advice from the people behind the likes of Pizza Pilgrims, Parkrun and Decoded, *The Idea in You* will show you what to expect, how to think and what to do when launching your own venture. Making your idea happen is possible, and it will be one of the most inspiring and energizing experiences of your life. What are you waiting for? A wonderfully inspirational book that will help unleash your ideas on the world. Michael Acton Smith, creator of Moshi Monsters. Every great business starts with an idea; this book will help you find yours. Richard Reed, co-founder of Innocent Drinks. It seems to me that many could be creators; simply lack support in their lives, someone genuine who listens to their ideas and pushes boundaries to make it all seem possible. Alex and Martin must recognize this too, because their book is a generous offer of encouragement and spirit, a drum beat that stirred my creative confidence. Zach Klein, co-founder of Vimeo. [Complete Copyright](#) Carrie Russell, 2004-06-07 Offering a wealth of information on library copyright concerns in a vibrant, highly accessible format, *Complete Copyright* is a must-have resource for your library. ALA copyright expert Russell provides clear, user-friendly guidance for both common copyright issues and latest trends, including the intricacies of copyright in the digital world. **The Routledge Handbook of Language Learning and Technology** Fiona Farr, Liam Murray, 2016-02-26 The exponential growth and development of modern technologies in all sectors has made it increasingly difficult for students, teachers and teacher educators to know which technologies to employ and how best to take advantage of them. *The Routledge Handbook of Language Learning and Technology* brings together experts in a number of key areas of development and change and opens the field of language learning by exploring the pedagogical importance of

technological innovation The handbook is structured around six themes historical and conceptual contexts core issues interactive and collaborative technologies for language learning corpora and data driven learning gaming and language learning purpose designed language learning resources Led by fundamental concepts theories and frameworks from language learning and teaching research rather than by specific technologies this handbook is the essential reference for all students teachers and researchers of Language Learning and TESOL Those working in the areas of Applied Linguistics Education and Media Studies will also find this a valuable book
