- The distant ancestors of the Dostoevskys belonged to an ancient noble family. By the 18th century, they had lost their privileges: the writer's grandfather and uncle were Orthodox priests. Fyodor Dostoevsky's father, Mikhail Andreevich, thanks to his abilities and hard work, received a medical education and in 1821 took the place of a doctor at the Moscow Mariinsky Hospital for the Poor. After 6 years, he received the rank of collegiate assessor, and with it the right to hereditary nobility. In 1819, Mikhail Andreevich married the merchant's daughter Maria Feodorovna Glebova.

Dostoevsky's Quest For Form A Study Of His Philosophy Of Art:

Dostoevsky's Quest for Form Robert Louis Jackson (Slawist, USA), 1966 Dostoevsky's Quest for Form. A Study of His Philosophy of Art Robert Louis Jackson, 1966 **Dostoevsky's Quest for Form** Robert Louis Jackson, 1966

Dostoevsky the Thinker James Patrick Scanlan, 2002 For all his distance from philosophy Dostoevsky was one of the most philosophical of writers Drawing on his novels essays letters and notebooks this volume examines Dostoevsky's philosophical thought Dostoevsky and English Modernism 1900-1930 Peter Kaye, 1999-05-06 When Constance Garnett's translations 1910-20 made Dostoevsky's novels accessible in England for the first time they introduced a disruptive and liberating literary force and English novelists had to confront a new model and rival The writers who are the focus of this study Lawrence Woolf Bennett Conrad Forster Galsworthy and James either admired or feared Dostoevsky as a monster who might dissolve all literary and cultural distinctions Though their responses differed greatly these writers were unanimous in their inability to recognize Dostoevsky as a literary artist They viewed him instead as a psychologist a mystic a prophet and in the cases of Lawrence and Conrad a hated rival who compelled creative response This study constructs a map of English modernist novelists' misreadings of Dostoevsky and in so doing it illuminates their aesthetic and cultural values and the nature of the modern English novel Dostoevsky's The Brothers Karamazov Julian W Connolly, 2013-02-14 Fyodor Dostoevsky's *The Brothers Karamazov* is unquestionably one of the greatest works of world literature With its dramatic portrayal of a Russian family in crisis and its intense investigation into the essential questions of human existence the novel has had a major impact on writers and thinkers across a broad range of disciplines from psychology to religious and political philosophy This proposed reader's guide has two major goals to help the reader understand the place of Dostoevsky's novel in Russian and world literature and to illuminate the writer's compelling and complex artistic vision The plot of the novel centers on the murder of the patriarch of the Karamazov family and the subsequent attempt to discover which of the brothers bears responsibility for the murder but Dostoevsky's ultimate interests are far more thought provoking Haunted by the question of God's existence Dostoevsky uses the character of Ivan Karamazov to ask what kind of God would create a world in which innocent children have to suffer and he hoped that his entire novel would provide the answer The design of Dostoevsky's work in which one character poses questions that other characters must try to answer provides a stimulating basis for reader engagement Having taught university courses on Dostoevsky's work for over twenty years Julian W Connolly draws upon modern and traditional approaches to the novel to produce a reader's guide that stimulates the reader's interest and provides a springboard for further reflection and study Dostoevsky and the Riddle of the Self Yuri Corrigan, 2017-10-15 Dostoevsky was hostile to the notion of individual autonomy and yet throughout his life and work he vigorously advocated the freedom and inviolability of the self This ambivalence has animated his diverse and often self-contradictory legacy as precursor of psychoanalysis forefather of existentialism postmodernist avant la lettre religious

traditionalist and Romantic mystic Dostoevsky and the Riddle of the Self charts a unifying path through Dostoevsky's artistic journey to solve the mystery of the human being. Starting from the unusual forms of intimacy shown by characters seeking to lose themselves within larger collective selves, Yuri Corrigan approaches the fictional works as a continuous experimental canvas on which Dostoevsky explored the problem of selfhood through recurring symbolic and narrative paradigms. Presenting new readings of such works as *The Idiot*, *Demons*, and *The Brothers Karamazov*, Corrigan tells the story of Dostoevsky's career-long journey to overcome the pathology of collectivism by discovering a passage into the wounded, embattled, forbidding, revelatory landscape of the psyche. Corrigan's argument offers a fundamental shift in theories about Dostoevsky's work and will be of great interest to scholars of Russian literature as well as to readers interested in the prehistory of psychoanalysis and trauma studies and in theories of selfhood and their cultural sources. **Reading**

Dostoevsky Victor Terras, 1998 Admirers have praised Fedor Dostoevsky as the Russian Shakespeare while his critics have slighted his novels as merely cheap amusements. In this critical introduction to Dostoevsky's fiction, the author asks readers to draw their own conclusions about the nineteenth-century Russian writer. Discussing psychological, political, mythical, and philosophical approaches, he guides readers through the range of diverse and even contradictory interpretations of Dostoevsky's rich novels. *A Picture Held Us Captive* Tea Lobo, 2019-05-20 While there are publications on Wittgenstein's interest in Dostoevsky's novels and the recurring mentions of Wittgenstein in Sebald's works, there has been no systematic scholarship on the relation between perception such as showing and pictures and the problem of an adequate presentation of interiority such as intentions or pain for these three thinkers. This relation is important in Wittgenstein's treatment of the subject and in his private language argument, but it is also an often overlooked motif in both Dostoevsky's and Sebald's works. Dostoevsky's depiction of mindset discrepancies in a rapidly modernizing Russia can be analyzed in terms of multi-aspectivity. The theatricality of his characters demonstrates especially well Wittgenstein's account of interiority's interrelatedness with overt public practices and codes. In Sebald's *Austerlitz*, Wittgenstein's notion of family resemblances is an aesthetic strategy within the novel. Visual tropes are most obviously present in Sebald's use of photography and can partially be read as an ethical-aesthetic imperative of rendering pain visible. Tea Lobo's book contributes towards a non-Cartesian account of literary presentations of inner life based on Wittgenstein's thought. **Dostoevsky's Quest for Forms** Robert Louis Jackson, 1966
