Dinner With Mugabe Heidi Holland, 2012-09-24 Acknowledgements Preface Timeline A chronology of key events in Robert Mugabe's life Introduction 1 Brother in the background 2 Mummy and Uncle Bob 3 The prisoner's friend 4 Comrades in arms 5 A surprise agreement 6 Tea with Lady Soames 7 I told you so 8 Britain's diplomatic blunder 9 A reluctant politician 10 The faithful priest 11 In the eyes of God's deputies 12 The man in the elegant suit 13 Two of a kind 14 Yesterday's heroes 15 As it was in the beginning 16 The good the bad and the reality Postscript Selected bibliography Index *Mugabe's War Machine* Paul Moorcraft, 2012-02-17 Mugabe's War Machine is the first full account of one man's military ambitions. It contains shocking stories of massacre and murder at home and powerful accounts of neighbouring wars and international intelligence intrigues. This revealing book tracks the rise of Robert Mugabe and decodes his psychology in the context of Zimbabwe's military history. His leadership of a guerrilla army against white rule explains how Mugabe continued to rule Zimbabwe as though he were still running an insurgency. Mugabe used military power, the armed forces, militias, police and the dreaded Central Intelligence Organization to enforce his will against a series of perceived enemies. Along with inflicting massacres in Matabeleland in the early 1980s, Mugabe's forces also fought a covert war against apartheid South Africa. A large army was sent to intervene in the civil war in Mozambique. After 1998, Zimbabwean troops engaged in the massive conflict in the Congo, dubbed Africa's First World War. Domestically, Mugabe crushed all his alleged opponents from the Ndebele to white farmers and then the media, judiciary, civic groups, churches, unions and homosexuals. The book recounts South African attempts to keep the current government of national unity alive despite the growing oppression. It also considers how Zimbabwe can be saved from its own self-destruction. Professor Paul Moorcraft is a prolific author and war correspondent who has served in the Rhodesian Zimbabwean Police and worked closely with the British Armed Forces. His book *The Rhodesian War: Pen and Sword* 2008 has been a huge success. **The Messianic Feeding of the Masses** Francis Machingura, 2012 *Integrating Africa* Martin Welz, 2013 The African Union (AU) is a continental organization that comprises every African state except for Morocco; it is indeed a pioneering undertaking. Its ambitious aim is to integrate all member states with the ultimate goal of forming the United States of Africa. Despite several attempts to build a union, the AU has remained an intergovernmental organization, one reason being a perceived unwillingness of the AU states to pool their national sovereignties. This study seeks to comprehend why Africa's integration process has not moved towards a supranational organization using a novel approach. It shifts the usual perspective away from the organization level and provides the first comprehensive and systematic analysis of the AU from the perspective of the states themselves. It includes 8 comprehensive case studies: Algeria, Burkina Faso, Ethiopia, Mauritius, South Africa, Swaziland, Uganda, and Zimbabwe, to help understand their foreign policy and provide key insights into why they are unwilling to yield sovereignty. This work will be of great interest to students and scholars of African politics, international relations, and international organizations. *International*
