MacArthur, 2012-10 In a world filled with people obsessed with what they can see there is a realm that operates in the light and darkness unseen by all Warriors for the Light do battle for the good of mankind and those of Darkness seek to subvert and destroy everything on Earth In between both armies stands the race of man the authority on the Earth The role they play is larger than they could possibly imagine In the small seemingly unimportant town of Varhelm New York a group of teenagers embark on a mission to impact their generation Unknown to them their plans are affecting the war that rages around them They must play their parts or many may suffer Outside Chicago a young man suffers in darkness under the thumb of evil warriors His importance is unclear even to himself In the darkness that threatens to engulf the Earth a light has appeared The story begins here

movements can give us real insight into people's underlying implicit attitudes **A handy book for Guardians of the poor**
