Art Treasures. Ediz. a Colori** Ester Tomè,Nadia Fabris,2019 Mona Lisa ,2012 Learn about the incredible saga of Leonardos Earlier Mona Lisa with this beautifully detailed 240 page book that includes the historical background scientific testing forensic expertise and cutting edge research in art authentication It took 500 years to make the paintings story public when you read the book you will understand why Publisher s description *Mona Lisa* Ric Haynes,1986 Monograph on Leonardo Da Vinci's 'Mona Lisa' John R. Eyre,2015-10-03 THE Mona Lisa in the Louvre has been accepted for four centuries as the one only and original version of the famous portrait of Madonna Lisa Giocondo painted by Leonardo da Vinci It is difficult to break down a tradition of such long standing yet this is what is claimed to be done in the following pages But in order to accomplish this theories and arguments no matter how strong and plausible they be count as nothing unless substantiated by facts and direct contemporaneous evidence and it is on these latter that the onus probandi lies The fact that there are two Mona Lisas in existence to day both of superlative intrinsic merit and both the work of Leonardo da Vinci the one with a record of four centuries behind it the other which has scarcely been heard of before and has only just emerged from obscurity creates a Sphinx like problem not easy to solve The unknown Isleworth Mona Lisa can however afford to stand on her own merits and cast her enigmatic smile on those who taunt her with her lack of pedigree But convinced of the genuineness of the Isleworth painting and that upon the authority of the soundest of expert knowledge I determined to solve the riddle How I have succeeded I leave the reader to judge As however this treatise is complex and discursive I purpose here to give a short outline of its whole theory In 1501 four pictures by Leonardo da Vinci were seen in his studio in Florence Two of these were the St Anne and the Madonna with the Spindles the other two were portraits on which his pupils were engaged as was then the common custom filling in details in which he also assisted The two portraits have never hitherto been identified nor accounted for and they have been gratuitously assumed to have been lost why or wherefore no one knows yet as I prove

Leonardo himself never lost a single drawing much less a painting But at this very time 1501 it is established beyond cavil that Leonardo painted the portrait of Madonna Lisa to the order of her husband Hence I maintain that one of the portraits seen was a Mona Lisa since there is not the slightest particle of evidence to the contrary But what was the second portrait Vasari tells us fifty years later that at this very time Leonardo produced the St Anne and the Mona Lisa portrait as well as the portrait of another lady in Florence but as it is proved that this lady died thirty years previously it could not possibly have been her portrait As Leonardo however almost invariably commenced two versions of each of his works which he rarely finished I maintain the second portrait seen in 1501 was a second version of the Mona Lisa In 1505 Raphael saw the Mona Lisa in Florence and made for his own purpose a study of it which now hangs in the Louvre The St Anne and a Mona Lisa are also to day in the possession of the Louvre authorities But this Louvre Mona Lisa I prove conclusively cannot be the one from which Raphael drew his study and this shows there must have been another version which Raphael saw and studied and it was this version that went unfinished to Madonna Lisa s husband who had commissioned it from the master Again at Cloux in France in 1517 some eighteen months before his death Leonardo showed the Cardinal of Aragon the St Anne and the portrait of a Florentine lady which he described as painted to the order of Guiliano de Medici

Jean-Pierre Isbouts (Ed),2019-03-22 Art historians have long debated the question why sources about the origin of the Mona Lisa portrait provide conflicting information This monograph presents a solution for this quandary these 16th century sources don t agree because they are not talking about the same painting If we consider this possibility that Leonardo painted not one but two versions of the Mona Lisa then all of these problems begin to resolve themselves In fact throughout his life Leonardo would often return to a motif or composition for a variety of reasons Thus we have at least two versions of The Virgin of the Rocks painted by Leonardo with the De Predis brothers in Milan and two versions of the Madonna of the Yarnwinder painted by Leonardo with his assistants in Florence In other words the proposition that Leonardo may have painted not one but two versions of the Mona Lisa is by no means far fetched Nonetheless it also raises an important question If Leonardo did paint an earlier version in addition to the Louvre Mona Lisa where is this portrait today And how can we determine whether this painting is indeed an autograph rather than one of the many Mona Lisa versions and copies that are still extant today The answers to these questions are provided in this book based on contributions by scholars from around the world They include Prof John Asmus of the University of California at San Diego Prof Vadim Parfenov at the State Electrotechnical University in St Petersburg Russia Prof tila Soares da Costa Filho of the Universidade C ndido Mendes in Rio de Janeiro Brazil Prof Jason Halter of the University of Michigan and Prof Robert Meyrick of Aberystwyth University In addition this monograph includes contributions by noted art critic G rard Boudin de l Arche and two prominent artists Albert Sauter and Joe Mullins The book is edited by Prof Jean Pierre Isbouts of Fielding Graduate University at Santa Barbara CA His previous publications on Leonardo da Vinci include The Mona Lisa Myth Young Leonardo The Evolution of a

Revolutionary Artist and The Da Vinci Legacy co authored with Dr Christopher Brown **Becoming Mona Lisa** Donald Sassoon,2001 This richly historic and lavishly illustrated book tells how a single painting became the greatest masterpiece in the history of art and a icon of popular culture Three 8 page full color and b w photo inserts **The Mona Lisa Myth** Jean-Pierre Isbouts,Christopher Heath Brown,2013-10-25 Following the announcement of another Mona Lisa portrait by Leonardo da Vinci held in a Swiss bank vault for over 40 years this book is the first to analyze the meaning of this astonishing discovery and how it radically changes our understanding of the Mona Lisa in the Louvre By tracing Leonardo s movements in Florence on an almost day to day basis Drs Isbouts and Brown are able to reconstruct the fascinating chronology of the Mona Lisa portrait and show how the subject ultimately became an obsession in the latter part of Leonardo s life The authors posit that whereas the Swiss Mona Lisa is clearly a portrait drawn from life of a young Florentine woman the Louvre Mona Lisa is the culmination of Leonardo s lifelong quest for the mystery of motherhood as expressed in his more than ten paintings of the Madonna motif Written as narrative history yet grounded in modern scholarship The Mona Lisa Myth not only shatters the portrait s mythology but also offers a bold new interpretation of the world s most famous painting that will revolutionize our understanding of Leonardo life and work **The Annotated Mona Lisa** Carol Strickland,John Boswell,1992-06 Cutting through the fog of jargon and theories that can make art seem hopelessly remote The Annotated Mona Lisa demystifies art history It s a brisk clearly stated survey from cave painting to conceptual art that doesn t talk down to its reader and doesn t assume a prior art education Dynamic design page length essays frequent sidebars and abundant illustrations make this compendium a browser s delight 300 illustrations one third in color *The Lady Speaks* W.N.
