*Evolution* Donald R. Prothero, 2007-11-22 Over the years paleontologists have made tremendous fossil discoveries which includes an amazing diversity of fossil humans suggesting we walked upright long before we acquired large brains This work tackles subjects ranging from flood geology and rock dating to neo Darwinism and macroevolution [The Debaters of This Age](#) Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time **Friend of Science, Friend of Faith** Gregg Davidson, 2019-11-19 A scientist explores the harmony between Christian faith and science Though some Christians and many skeptics see science and Christianity as locked in a never ending battle geologist Gregg Davidson contends that there is tremendous harmony between Scripture and modern science Many apparent conflicts arise when the Bible is interpreted apart from its literary and historical contexts but when these are taken into account most alleged clashes resolve Proceeding from a belief that Scripture is inspired and without error and that God's creation should inform how we interpret the Bible Davidson shows that Scripture and science need not disagree on issues like the age of the earth Adam and Eve Noah's flood the origin and development of life and numerous related topics Rather Christians can rejoice at how God's glory is revealed in both the Bible and the natural world

**Treatise on Ab-deism : A New Philosophy** Maurice Guy, 2025-10-08 *Treatise on Ab deism* A New Philosophy presents a new philosophy on religion specifically monotheism that rejects the concept of God not by simple rejection of a belief but by a demonstration of a total absence of a relationship with such a deity as this religious God and by demonstrating that religion has never known its god it has never had an authentic and authoritative legitimacy Ab Deism emphatically rejects the claims that religion knows its gods ab deism demonstrates that god's is either dead or has never communicated with religion and thus religion has never know Him them based upon the very claims it has made that this book will amply analyze and falsify Evolution Douglas J.
