## Flood Waters Devastate City

### Five Lives Lost, Four Still Missing

Trapping flood waters swept through Albany and Shackelford County Thursday night, August 9, leaving five dead, four missing and causing over an estimated \$20 million damage to property caught in its path.

Left dead by the devastating current were: Willie L. White Jr., 66, Nevada Park, Wichita, 224 Adams Richard Drive, 4 months; Vernon W. Williamson, 62, and Nancy Ann Cooper, 34, all of Albany.

Those still missing and presumed dead are: Mr. and Mrs. Loy Kay, North Main Cooper and M. W. "Coker" Mills, all of Albany.

The flood struck Thursday evening after a day of heavy rain throughout the county and several streams to the northwest. The highest amount of rainfall measured at 29.93 inches over a 27 hour period. Parts of the county reported amounts as high as 30 inches for the same period. The average annual yearly rainfall for Shackelford County is 28.57.

The Department of Public Safety, local law enforcement officers and National Guard troops conducted organized search parties starting Friday morning, August 10. All of the five bodies recovered were found during the first day of the search.

Officials called off the search and rescue operations Monday afternoon, according to DITS Sergeant H. D. Welch. The area supervisor stated, "We simply can't justify the amount of equipment and personnel for men like as we have. All of the ground has been covered on foot at least once - some parts several times." He added that the search is still continuing but on a small level with the individual land owners checking his own property.

Damage to personal property has tentatively been set at \$10 million. The Corps of Engineers set a \$4.2 million figure for damage to personal property within the city limits of Albany. This includes homes, businesses and vehicles.

The department of agriculture set the county's agricultural losses at \$3.5 million. "The main thing that will affect us in the future is the loss of topsoil," commented County Agent Lew-

Flood waters sweep a path along North Spring Creek on the south end of Albany Thursday night, August 9, taking along with it numerous homes, mobile homes, vehicles, and other

personal property. Five lives were lost in one flooding, with four people still reported missing. Officials estimate over \$20 million damage within the county. (Staff Photos)

## Heavy Damages Inflicted Upon Businesses, Lengthy Recovery Procedures Expected

Owners of businesses within the Albany city limits have begun recovery procedures to determine the extent of losses and damages to their property, according to AUSTO executive director Johnny Hoadley, who as a member of the Civil Defense team has tentatively estimated the number of businesses affected by the flood waters.

Hoadley has noted heavy losses with major damage done to existing buildings and equipment, including Black Wall Service, Ice and Bulk Cement Dept., whose yard lies along the North Spring Creek on Highway 190. According to Rena Mae Black, wife of owner Bill Black, replacement needs of lost and damaged equipment and buildings may be as much as \$225,000 to \$250,000.

"There's no way to make an accurate estimate right now," said Mrs. Black. "We lost several major items, two pickups, two trailers, a small shop building and everything in it. We're in

three pump jacks, a new diesel truck, and a bulk truck. The cement tower was full of water. In fact, we had just loaded it Thursday morning with 900 sacks of cement. That on the Taylor beam, our pulling machine turned

over into the pit, and two tank batteries were moved.

"Right now, the crew is trying to clean out the tower and get the yard in some kind of order so we can get back in business. We think we can offer at least partial

recovery starting in about two weeks."

After engineering major losses to Big Country Heavy Co. on the Board Highway, "I'd guess that guys all around \$200,000," said (See Local, pg. 4)

## One-Stop Disaster Relief Center Opened For Flood Victims

The Federal Disaster Assistance Administration along with other relief agencies set up a one-stop center at the Youth Center Monday, August 7, to help coordinate relief programs for flood victims in Shackelford County.

The Center's coordinator, Jack Simpson, explained the importance of coming in and registering.

Simpson stated, "We come in after the President has declared a county a disaster area and set up our own set. It's a agency

mounted with relief in register." This provides a more simple way for those affected to apply for the different programs.

The Small Business Administration is providing personal loans for amounts up to \$250,000 at low interest rates and with

extended payback period to those who qualify.

After the Relief Center leaves the SBA will be located at the Board Bar about the next 60 days. Center manager, George H. "Pinky" Vinyard commented on (See 349 Victims, pg. 5)

### **Friday August 11 1978 Introduction**

In today's digital age, the availability of Friday August 11 1978 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Friday August 11 1978 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Friday August 11 1978 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Friday August 11 1978 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Friday August 11 1978 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Friday August 11 1978 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Friday August 11 1978 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Friday August 11 1978 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Friday August 11 1978 books and manuals for download and embark on your journey of knowledge?
