From Antz To Titanic Reinventing Film Analysis:

From Antz To Titanic Martin Barker, Thomas Austin, 2000-06-20 A jargon free and accessible introduction to film analysis looking at popular Hollywood films in various genres

The Crash Controversy Martin Barker, Jane Arthurs, Ramaswami Harindranath, 2001 Between 1996-97 an almost unprecedented campaign was mounted in the British press against one film David Cronenberg's *Crash*. What motivated this campaign? What can it tell us about British film culture? What impact did the campaign have on general audiences? This book, which draws on a year-long investigation supported by the Economic and Social Research Council, offers a series of important and challenging findings and is a major contribution to our understanding of censorship campaigns, how audiences respond to films, and the strategies employed in engaging with such texts.

Understanding Film James R. Russo, 2021-01-12 This film analysis textbook contains sixteen essays on historically significant artistically superior films released between 1922 and 1982. Written for college, high school, and university students, the essays cover central issues raised in today's cinema courses and provide students with practical models to help them improve their own writing and analytical skills. This film casebook is geographically diverse with eight countries represented: Italy, France, the United States, Russia, Germany, Great Britain, Japan, and India. The essays, sophisticated yet not overly technical or jargon-heavy, are perfect introductions to their respective films as well as important contributions to the field of film studies in general. The book's critical apparatus features credits, images, and bibliographies for all films discussed; filmographies for the directors; a glossary of film terms; the elements of film analysis; a chronology of film theory and criticism; topics for writing and discussion; a bibliography of film criticism; and a comprehensive index.

Understanding Film: A Viewers Guide bucks the trend of current film analysis texts, few of which contain actual film analyses, by promoting analysis of the chosen films alongside the methods and techniques of film analysis. It has been prepared as a primary text for courses in film analysis and a supplementary text for courses such as *Introduction to Film* or *Film Appreciation*, *History of Film* or *Survey of Cinema*, and *Film Directors* or *Film Style and Imagination*.

Popular Iranian Cinema before the Revolution Pedram Partovi, 2017-07-14 Critics and academics have generally dismissed the commercial productions of the late Pahlavi era, best known for their songs and melodramatic plots, as shallow derivative entertainment. Instead, they have concentrated on the more recent internationally acclaimed art films, claiming that these constitute Iranian national cinema, despite few Iranians having seen them. Film discourse and even fan talk have long attempted to marginalize the mainstream releases of the 1960s and 1970s with the moniker *filmfarsi*, ironically asserting that such popular favorites were culturally inauthentic. This book challenges the idea that *filmfarsi* is detached from the past and present of Iranians. Far from being escapist Hollywood fare merely translated into Persian, it claims that the better films of this supposed genre must be taken as both a subject of and source for modern Iranian history. It argues that they have an appeal that relies on their ability to rearticulate traditional courtly and religious ideas and forms to problematize in unexpectedly complex and sophisticated ways the modernist agenda.

that secular nationalist elites wished to impose on their viewers Taken seriously these films raise questions about standard treatments of Iran's modern history By writing popular films into Iranian history this book advocates both a fresh approach to the study of Iranian cinema as well as a rethinking of the modernity tradition binary that has organized the historiography of the recent past It will appeal to those interested in Iranian cinema Iranian history and culture and more broadly readers dissatisfied with a dichotomous approach to modernity
