J. Harold Ellens

From Birth To Rebirth Gnostic Healing For The 21st Century:

From Birth to Rebirth Charles V. Tramont, 2008-02 From Birth to Rebirth is the story of a dedicated obstetrician whose interest in hypnotic past life regression came from using hypnosis to relieve pain What he didn't expect was to witness his patients automatically jumping back into past lives under hypnosis To his amazement discovering knowledge of their previous lives enabled them to rapidly and successfully heal themselves of a wide range of emotional and physical problems For the first time he truly understood the Gnostic concept that liberation comes from knowledge of who you are why you are here and where you came from After years of medical training and being in the trenches of a medical practice Dr Tramont's excitement and curiosity regarding past life regression escalated into full blown research that led him down the pathway of spiritual enlightenment and the rediscovery of true Gnosticism Thus from the shackles of conventional medicine springs a safe non invasive and successful alternative method of healing

The Omniverse Alfred Lambremont Webre, 2015-11-17 A tour through the new science of the Omniverse its spiritual and physical dimensions and its incalculable intelligent civilizations Reveals the key travel and communication technologies of the Omniverse time travel teleportation and telepathy Unveils newly disclosed state secrets about these technologies about the findings of the NASA Mars rover missions and about a secret colony and life on Mars Explains through science how souls are holographic fragments of God and how they help create planets solar systems galaxies and universes in the multiverse We are all citizens of the Omniverse the overarching matrix of energy spirit and intelligence that encompasses all that exists all universes within the multiverse as well as the spiritual dimensions centered on the divine Source that many call God In this scientific guide to the Omniverse Alfred Lambremont Webre reveals startling replicable evidence about extraterrestrial and extra universal life the intelligent civilizations created by souls in the afterlife top secret alien technology and the existence of a secret base as well as life on Mars The author explains how our souls are holographic fragments of God Source and how souls and Source are co creating planets and galaxies as virtual realities for soul development He addresses Grey alien control over soul reincarnation and also sheds light on the presence of invisible hyperdimensional controllers known as the Archons who feed off negative energy Revealing the key technologies of the Omniverse the author explains how hyperdimensional civilizations communicate telepathically teleport interdimensionally and travel through time He unveils newly disclosed state secrets about government possession of these technologies the findings of the NASA Mars rover missions and the secret Mars colony whose permanent security personnel is age reversed and shot back through time to their specific space time origin points with their memories blocked Integrating science and spirituality this map of the dimensions of the Omniverse sounds the call for scientific inquiry into the holographic origins of the soul the potential of time travel and our role as divine co creators with Source

Signs of Reincarnation James G. Matlock, 2019-06-15 Signs of Reincarnation provides the first comprehensive look at the belief in reincarnation and the evidence for past lives from historical records anthropological studies and contemporary research

Matlock discusses various ways the evidence may be interpreted and shows that although reincarnation entails a rejection of the materialist notion that consciousness is generated by the brain it does not require the acceptance of any radically new concepts or the abandonment of well established findings in mainstream psychology or biology This book offers students scholars and anyone interested in the possibility of reincarnation an essential grounding in beliefs cases and theory while opening doors for future research into the extension of consciousness beyond our present lives The Westminster Dictionary of Christian Theology Alan Richardson, John Bowden, 1983-01-01 The Westminster Dictionary of Christian Theology is an important reference for any pastor scholar or student of theology The articles are clearly written historically informative and conceptually clarifying The entries are arranged alphabetically for ease of use Heaven, Hell, and the Afterlife J. Harold Ellens, 2013-07-25 Christianity Islam and Judaism all feature ideas about heaven hell and afterlife and these concepts have evolved over time within these religions This work supplies a detailed and coherent understanding of the broad scope of spiritual thinking in the last 3 000 years within the Abrahamic traditions Heaven Hell and the Afterlife Eternity in Judaism Christianity and Islam provides an all encompassing examination of historic and contemporary perspectives on afterlife in Western religions In these three volumes Judaic Christian and Muslim scholars join forces providing an unprecedented review of their individual faith s traditions Every significant issue and major theme is discussed no controversial topic is avoided From ancient doctrines to modern day outlooks of conservatives progressives and liberals in all three religions all are analyzed and presented here The framework of the volumes underscores how the ethics and concepts of eternity in the Western action religions contrast with Eastern religions that tend to be characterized as passive or withdrawal religions in their ethics and their notions of afterlife as absorption within universal spirit Nirvana or nonexistence This work is well suited for undergraduate and graduate students general readers interested in religion and professional scholars particularly those in fields corollary to religious study **A New Dictionary of Christian Theology** Alan Richardson, John Bowden, 1983

Gnostic Religion in Antiquity R. van den Broek, 2013-01-24 An examination of Gnostic religion in Late Antiquity within its historical and religious context using Greek Latin and Coptic sources **Journal of the Warburg and Courtauld Institutes** Warburg Institute, 1965 *Journal of the Warburg and Courtauld Institutes* , 1948 *The New Encyclopaedia Britannica: Macropaedia : Knowledge in depth* , 2003 *The Christian Century* , 1959 *The Heretic's Feast* Colin Spencer, 1995 A lively comprehensive social history of vegetarianism from ancient times to the present *Catalog of the Kristine Mann Library of the Analytical Psychology Club of New York, Inc: Subject catalog* Kristine Mann Library, 1978

The Gnostics Alastair Logan, 2006-06-23 This book is an attempt to demonstrate the existence and explore the character theology liturgy and cultic beliefs and practices of the Gnostic movement This is a fascinating study into the past to identify the Gnostics as a cult movement originating in the late first century and arising out of Christianity Logan explores the Gnostics own sense of identity against the Catholics seeks to reconstruct the unique Gnostic rite of initiation from Nag

Hammadi and related texts and finally argues that the early third century Hypogeum of the Aurelii in Rome with its remarkable series of paintings represents a cult centre of Gnostics where they recalled their initiation and theology and buried their dead

What's Missing in Medicine Charles V. Tramont, C V Tramont M D, 2015-11-15

What's Missing in Medicine Unleashing the Healing Power of the Subconscious Mind is about getting physicians to go beyond their conventionality and be open minded enough to utilize a safe and very successful diagnostic protocol that is also extremely therapeutic I call this form of hypnotherapy Comprehensive Hypnoregression Therapy It uses the patient's subconscious mind and a valid Spirit Guide to find the cause of various symptoms related to a patient's emotional and physical problems When such therapy identifies foreign energy or emotional past life memories as the cause it will greatly improve their symptoms and often cure them by removing the foreign energy and having the patient's conscious mind make a distinction of time and a rational judgment and thus understand how an emotional past life memory has affected him The patient's subconscious mind will respond in such a positive way that his immune system and autonomic body processes will be energized to the point that the patient will find himself well on the path to emotional and physical improvement The fact that the American Psychiatric Association and the World Health Organization have recognized and acknowledged the existence of possession is a welcome sign that conventional medicine is becoming more open minded As a physician my hope is that people will look upon emotional past life memories and possessions by different entities as a disease which can affect our mind our body and our personality in a detrimental way When a physician uses this protocol as part of a patient's work up suicides will be prevented further expensive testing won't be necessary and countless patients will be cured of their ailments without the expense and side effects of medication What I have learned over the past twenty three years has come from the subconscious minds of thousands of patients My experience has become my reality and it includes curing an astonishing number of people who could not be helped by conventional medicine Many of these cases are presented
