Shift Your Mind is a powerful and essential read for anyone who wants to be the best at what they do. Daniel H. Pink, New York Times bestselling author of *When and How Greatness is a Matter of Timing*, Executive and mental performance coach Brian Levenson has spent years working with high performers in sports, business, and culture. And from the field to the boardroom, he noticed something surprising: Talented people were failing to reach their goals not because they lacked the necessary skills, but because they didn't understand the mental processes that fueled them. When it comes to high performance, talent isn't enough. He began interviewing former CIA agents, world-class chefs, astronauts, athletes, CEOs, and more to find a solution and soon realized that elite performers have one thing in common: They shift between complementary mindsets—one for preparing effectively and one for delivering when it counts. Only by practicing both mindsets do the best of the best, such as swimmer Diana Nyad, performer Taylor Swift, and legendary football coach Tom Coughlin, move seamlessly from drills to game-changing plays and back again. In *Shift Your Mind*, you'll learn nine key mental shifts to help you think like a high performer: humble and arrogant, work and play, perfectionistic and adaptable, analysis and instinct, experimenting and trusting, process, uncomfortable and comfortable, future and present, fear and fearlessness, selfish and selfless. With exercises, examples, and actionable tips, each chapter explores the power of the shift through skills like visualization, mindfulness, and self-talk. Make the right moves at the right time with *Shift Your Mind*.
