Fully Involved Leadership Gary Ludwig, 2019-03-14 One of the fire service's most well known and respected leaders reveals principles and events that have shaped his and other chief's careers and leadership values that no cookie cutter leadership or management book can provide The real world experiences and lessons that are vividly detailed in the book provide a roadmap for any aspiring firefighter wishing to be promoted a company or chief officer looking to go to the next level or a fire chief who wishes to further develop their leadership skills Fully Involved Leadership written by Chief Gary Ludwig addresses the tenets of leading firefighters at all ranks and levels and provides a blueprint for not only motivating firefighters but inspiring them not showing them how much you know but how much you care that leadership is not a position or title it is an

action and examples reminding you that rank does not equate to leadership the inverted table of organization and much more Fully Involved Leadership is filled with powerful leadership topics and at its core addresses the values of trust the two key qualities needed to be a fire service leader character and competence how to keep your emotions in check by using I before E intelligence before emotions how to keep from making a wrong decision why it is important to show honor to your firefighters plus a whole lot more Chief Ludwig offers warm and engaging stories of not only his experiences but other chief officers and how they learned from their mistakes when it comes to leadership Chief Ludwig provides insights and hard lessons learned that makes you reflect upon the question Who would you follow if your life depended upon it *First In, Last Out* John Salka, 2005-02-22 What does it take to lead people into a burning building How do the leaders of the New York City Fire Department develop so much loyalty trust and grace under pressure that their subordinates will risk their very lives for them As a high ranking officer of the FDNY John Salka is an expert at both practicing and teaching high stakes leadership In First In Last Out he explains the department s unique strategies and how they can be adopted by leaders in any field as he has taught them to organizations around the country In a tough talking no nonsense style Salka uses real world stories to convey leadership imperatives such as first in last out your people need to see you taking the biggest risk as the first one to enter the danger zone and the last to leave manage change the fire you fought yesterday is not the one you ll be fighting tomorrow communicate aggressively a working radio is worth more than 20 000 gallons of water create an execution culture focus your people on the flames not the smoke commit to reality never allow the way you would like things to be to color how things are develop your people let them feel a little heat today or they ll get burned tomorrow Illustrated by harrowing real life situations the principles in First In Last Out will help managers become more confident coherent and commanding On the web <http://www.firstinleadership.com> **Full-Contact Leadership** Edward Flood, Anthony Aвило, 2017-07-17 Full Contact Leadership is written for men and women who hold leadership positions or aspire to leadership roles in the fire service There are many leadership positions in the fire service but not all of them are held by leaders Leadership has very little to do with the color of your helmet the bling on your collar the stripes on your sleeve the title on your door the order of march or the crease in your pants Full contact leadership is a commitment to drawing out the very best within others and allowing the very best in others to be expressed as excellence Full contact leadership is a career long ever challenging never ending self initiated self sustained personal research development and improvement program Full contact leadership is never about you it s always about them In Full Contact Leadership Chiefs Flood and Aвило examine what makes a leader and more importantly what makes a leader effective in today s fire service This text discusses the various types of leaders how they communicate discipline delegate motivate and set expectations for the people they lead Flood and Aвило also take a hard look at what hinders or blocks effective leadership and what steps to take to foster and instill leadership in your department
