

**MARK SCHEME for the October/November 2009 question paper
for the guidance of teachers**

9716/01

9716 FRENCH

Paper 1 (Speaking), maximum raw mark 100

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- CIE will not enter into discussions or correspondence in connection with these mark schemes.

CIE is publishing the mark schemes for the October/November 2009 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

Commission,2004 The Importance of Place: Geographical Indications as a Tool for Local and Regional Development
William van Caenegem,Jen Cleary,2017-03-27 This book explores the potential benefits and disadvantages of geographical indication GIs registration schemes analyzing the utility of GI registrations for the development and promotion of regional economies both in national and international markets The book draws on the van Caenegem Cleary Drahos Australian Provenance Report along with the valuable empirical data collected in connection with it The book situates the rural development question in an international context presenting several case studies from Italy France and Morocco New Zealand and Australia The book contains various chapters focused on comparing regulatory structures in various relevant jurisdictions and drawing on other countries experiences It contains significant contributions from industry actors with extensive experience in regional branding initiatives and GI related policy issues Progressive in structure the book starts from the big picture level before moving down to the local and concrete scale Geographical indications of Australian products are vital both in domestic and overseas markets by accurately representing the origin and quality of niche agricultural products Thus with a particular focus on Australia the book promotes the assessment of geographical indications as potential regional assets that will help producers develop local quality indicators that will serve as public goods for successive generations of producers *European Union Competition Policy* ,2001 Current Law Index ,2003 The Bill Gates Problem Tim Schwab,2023-11-14 New York Times Editors Choice A powerful investigation of Bill Gates and the Gates Foundation showing how he uses philanthropy to exercise enormous political power without accountability Through his vaunted philanthropy Bill Gates transformed himself from a tech villain into one of the most admired people on the planet Even as divorce proceedings and allegations of misconduct have recently tarnished his public image the beneficence of the Gates Foundation celebrated for spending billions to save lives around the globe is taken as a given But as Tim Schwab shows in this fearless investigation Gates is still exactly who he was at Microsoft a bully and monopolist convinced of his own righteousness and intent on imposing his ideas his solutions and his leadership on everyone else At the core he is not a selfless philanthropist but a power broker a clever engineer who has innovated a way to turn extreme wealth into immense political influence and who has made us believe we should applaud his acquisition of power not challenge it Piercing the blinding halo that has for too long shielded the world s most powerful and most secretive charitable organization from public scrutiny The Bill Gates Problem shows how Gates s billions have purchased a stunning level of control over public policy private markets scientific research and the news media Whether he is pushing new educational standards in America health reforms in India global vaccine policy during the pandemic or Western industrialized agriculture throughout Africa Gates s heady social experimentation has shown itself to be not only undemocratic but also ineffective In many places Bill Gates is hurting the very people he intends to help No less than dark money campaign contributions or big business political lobbying Bill Gates s philanthropic empire needs to be seen as a problem of money in politics It is a dangerous model of unconstrained

power that threatens democracy and demands our attention
