The French Republic under Cavaignac, 1848 Frederick A. De Luna, 2015-12-08 General Louis Eugene Cavaignac has been a symbol of reactionary violence ever since he crushed the insurgent workers of Paris in the bloody June Days of 1848 Professor de Luna presents a fresh interpretation of the General as well as a detailed examination of the turbulent year of European revolution until Cavaignac was defeated by Louis Bonaparte in the December presidential elections Many historians have dismissed the Cavaignac period as one of bleak reaction but Professor de Luna shows that the General was a fervent democratic republican and that the moderate republicans under Cavaignac offered their own program of political economic and educational reform Originally published in 1969 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 French Socialists Before Marx Pamela M. Pilbeam, 2000 How to put socialism into practice was as fundamental a concern for nineteenth century socialists as it has been for their successors In French Socialists before Marx Pamela Pilbeam explores the development of and changes in socialist ideas revealing how the Fourierists of the 1830s and 1840s changed Fourier's ideas on the family and sexuality preferring public works programs to model communities She focuses on the practical contributions of early socialists including the efforts of working women to run schools worker associations and newspapers The Revolutions in Europe, 1848-1849 Hartmut Pogge von Strandmann, Robert John Weston Evans, 2000 These essays arose out of lectures given in Oxford to commemorate the 150th anniversary of the 1848 revolutions in Europe Authoritative yet readable and colourful they comprise judicicious summaries of the existing stte of knowledge as well as new insights and unfamiliar information The book also seeks to place the revolutionary events in their wider context apart from chapters covering the main centres of disturbance in France Germany Italy and the Habsburg lands there are discussions of the situation in Britain and Russia which were affected but not convulsed by the disorders elsewhere of reactions in the United States of America of the symbolism of 1848 for the later democratic radical and socialist movements 1848 marked the first breakdown of traditional authority across much of the continent and as such is of profound significance in the development of modern European politics as a whole Catalog of Copyright Entries. Bartolomeo,2024-07-11T15:42:00+02:00 Questo libro ricostruisce per la prima volta la storia di una generazione che ha creduto che la Rivoluzione francese potesse ripetersi e che ad un certo punto si trov a riviverla sotto forma di una spettacolare duplicazione quello che accadde ai protagonisti della rivoluzione parigina del 1848 iniziata a febbraio con la

caduta della monarchia e culminata dopo una serie tumultuosa di giornate rivoluzionarie a dicembre con l elezione del principe Luigi Napoleone Bonaparte il nipote dell'imperatore alla carica di presidente della Repubblica L'autore si interroga sull influenza esercitata dalle previsioni storiche formulate dai protagonisti tramite il raffronto tra passato e presente sulle loro decisioni e sullo svolgimento dei fatti Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library.
