Freud And Jung Years Of Friendship Years Of Loss:

Freud and Jung Linda Donn, 2011-11-22 One evening years after the rupture between Freud and Jung the Swiss psychiatrist C A Meier spent an hour alone with Freud in his study at Berggasse 19 There was one topic of conversation Meier remembered Jung Freud was full of questions about Jung about his family his life and what he was doing Every conceivable question Meier said Because he still cared Meier would find the same anguish in Jung He didn't like to talk about Freud because it was so painful Another Swiss analyst agreed The wound was always there it never healed It was a tragedy The hours that Freud and Jung had spent in Freud's dim and quiet study lay in the past The long ordeal of Freud and Jung was reminder and more that some piece of the human psyche was beyond comprehension The moment when the world's first analysts unable to alleviate their pain played with stones at the edge of a dry lakeshore or stood for hours before the statue of an angry prophet bore witness to the intransigent mystery of the human spirit That mystery was the terrible beauty of the psyche and they lived it Freud and Jung alone from Freud and Jung Previously published by Charles Scribner's Sons For more information please visit <http://www.freudandjung.com> *Spiritualism and the Foundations of C. G. Jung's Psychology* F. X. Charet, 2015-04-17 Charet uncovers some of the reasons why Jung's psychology finds itself living between science and religion He demonstrates that Jung's early life was influenced by the experiences beliefs and ideas that characterized Spiritualism and that arose out of the entangled relationship that existed between science and religion in the late nineteenth century Spiritualism following its inception in 1848 became a movement that claimed to be a scientific religion and whose controlling belief was that the human personality survived death and could be reached through a medium in trance The author shows that Jung's early experiences and preoccupation with Spiritualism influenced his later ideas of the autonomy personification and quasi metaphysical nature of the archetype the central concept and one of the foundations upon which he built his psychology *The Seduction of Unreason* Richard Wolin, 2019-04-30 Ever since the shocking revelations of the fascist ties of Martin Heidegger and Paul de Man postmodernism has been haunted by the specter of a compromised past In this intellectual genealogy of the postmodern spirit Richard Wolin shows that postmodernism's infatuation with fascism has been extensive and widespread He questions postmodernism's claim to have inherited the mantle of the Left suggesting instead that it has long been enamored with the opposite end of the political spectrum Wolin reveals how during in the 1930s C G Jung Hans Georg Gadamer Georges Bataille and Maurice Blanchot were seduced by fascism's promise of political regeneration and how this misapprehension affected the intellectual core of their work The result is a compelling and unsettling reinterpretation of the history of modern thought In a new preface Wolin revisits this illiberal intellectual lineage in light of the contemporary resurgence of political authoritarianism *The Historic Expedition to America (1909)* Saul Rosenzweig, 1994 This volume describes the one and only visit of Sigmund Freud to America and places it in historical perspective It describes the background of this crucial event and its consequences for psychoanalysis as a theory and a

cultural movement It utilizes and publishes here for the first time the newly recovered correspondence between Sigmund Freud and G Stanley Hall who extended the invitation Introduction **Bibliography of the History of Medicine** ,
