Devouring Frida Margaret A. Lindauer,2014-01-27 This provocative reassessment of Frida Kahlo's art and legacy presents a feminist analysis of the myths surrounding her In the late 1970s Frida Kahlo achieved cult heroine status Her images were splashed across billboards magazine ads and postcards fashion designers copied the so called Frida look in hairstyles and dress and Fridamania even extended to T-shirts jewelry and nail polish Margaret A Lindauer argues that this mass market assimilation of Kahlo's identity has detracted from appreciation of her work leading to narrow interpretations based solely on her tumultuous life Kahlo's political and feminist activism her stormy marriage to fellow artist Diego Rivera and her progressively debilitated body made for a life of emotional and physical upheaval But Lindauer questions the author equals the work critical tradition that assumes a one to one association of life events to the meaning of a painting In Kahlo's case such assumptions created a devouring mythology an iconization that separates us from the real significance of the oeuvre Accompanied by twenty six illustrations and deep analysis of Kahlo's central themes this provocative semiotic study recontextualizes an important figure in art history At the same time it addresses key questions about the language of interpretation the nature of veneration and the truths within self representation
