**Love, Friendship, Beauty, and the Good** Kevin Corrigan,2018-08-03 This book tells a compelling story about love friendship and the Divine that took over a thousand years to unfold It argues that mind and feeling are intrinsically connected in the thought of Plato Aristotle and Plotinus that Aristotle developed his theology and physics primarily from Plato s Symposium from the Greater and Lesser Mysteries of Diotima Socrates speech and that the Beautiful and the Good are not coincident classes but irreducible Forms and the loving ascent of the Symposium must be interpreted in the light of the Republic as the later tradition up to Ficino saw Against the view that Platonism is an escape from the ambiguities of ordinary experience or opposed to loving individuals for their own sakes this book argues that Plato dramatizes the ambiguities of ordinary experience confronts the possibility of failure and bequeaths erotic models for the loving of individuals to later thought Finally it examines the Platonic Aristotelian heritage on the Divine to discover whether God can love us back and situates the dramatic development of this legacy in Plotinus Iamblichus Proclus and Dionysius the Areopagite

*Love, Beauty or Morality* Alberto Castelli,2024-05-23 This book is moved by two main questions Is Love a matter of beauty or mortality In other words is love an ethical ideal Also modernity understood as the age of mechanical reproduction has shaped not simply our cities but our very same way of feeling How has our conception of love changed if it has in the past two centuries This book is to address these questions It is not to trace the evolution of the idea of love in Western culture from Plato to the present day It aims to bring to the surface different shades of love lingering at the heart of Western culture to rehabilitate the myth of love to its original credibility Our confused civilization has split love into sensual and moral aspects but to be aware of it is perhaps to defeat a dilemma that seems so unnatural This book is about how we make sense of our lives through love and how nineteenth and twentieth century literature records it
