Frigidity In Women Its Characteristics And Treatment:

Female Psychology Eleanor Schuker, Nadine A. Levinson, 2020-09-23 This book provides a psychoanalytic perspective on female psychology and includes articles with divergent theoretical viewpoints It is useful for both research and clinical study and may also provide a bridge to scholars teachers and clinicians outside of psychoanalysis itself *Desiring Revolution* Jane Gerhard, 2001-04-12 There was a moment in the 1970s when sex was what mattered most to feminists White middle class women viewed sex as central to both their oppression and their liberation Young women started to speak and write about the clitoris orgasm and masturbation and publishers and the news media jumped at the opportunity to disseminate their views In *Desiring Revolution* Gerhard asks why issues of sex and female pleasure came to matter so much to these second wave feminists In answering this question Gerhard reveals the diverse views of sexuality within feminism and shows how the radical ideas put forward by this generation of American women was a response to attempts to define and contain female sexuality going back to the beginning of the century Gerhard begins by showing how the marriage experts of the first half of the twentieth century led people to believe that female sexuality was bound up in bearing children Ideas about normal white female heterosexuality began to change however in the 1950s and 1960s with the widely reported and somewhat shocking studies of Kinsey and Masters and Johnson whose research spoke frankly about female sexual anatomy practices and pleasures Gerhard then focuses on the sexual revolution between 1968 and 1975 Examining the work of Betty Friedan Germaine Greer Erica Jong and Kate Millet among many others she reveals how little the diverse representatives of this movement shared other than the desire that women gain control of their own sexual destinies Finally Gerhard examines the divisions that opened up between anti pornography or anti sex feminists and anti censorship or pro sex radicals At once erudite and refreshingly accessible *Desiring Revolution* provides the first full account of the unfolding of the feminist sexual revolution *Frigidity in Women* Eduard Hitschmann, Edmund Bergler, Polly Leeds Weil, 1936 **Tomorrow Sex Will Be Good Again** Katherine Angel, 2021-03-02 Women are in a bind In the name of consent and empowerment they must proclaim their desires clearly and confidently Yet sex researchers suggest that women's desire is often slow to emerge And men are keen to insist that they know what women and their bodies want Meanwhile sexual violence abounds How can women in this environment possibly know what they want And why do we expect them to In this elegant searching book spanning science and popular culture pornography and literature debates on Me Too consent and feminism Katherine Angel challenges our assumptions about women's desire Why she asks should they be expected to know their desires And how do we take sexual violence seriously when not knowing what we want is key to both eroticism and personhood In today's crucial moment of renewed attention to violence and power Angel urges that we remake our thinking about sex pleasure and autonomy without any illusions about perfect self knowledge Only then will we fulfil Michel Foucault's teasing promise in 1976 that tomorrow sex will be good again **Psychoanalytic Pioneers** Franz Alexander, Samuel Eisenstein, Martin Grotjahn, 1995-01-01

Psychoanalytic Pioneers is a comprehensive history of psychoanalysis as seen through the lives and the works of its most eminent teachers thinkers and clinicians It is also a definitive portrait of the atmosphere in which psychoanalytic creativity has emerged and flourished Going beyond mere biographical description the contributors elucidate the contributions of various psychoanalysts to the evolution of psychoanalytic thought and evaluate their roles in the development of psychoanalysis as a science as a method of investigation as a treatment technique and as an organization The editors have assembled profiles of Karl Abraham Sandor Ferenczi Otto Rank Carl Jung Alfred Adler Ernest Jones Paul Federn Oskar Pfister Harms Sachs A A Brill Sandor Rado Theodor Reik Melanie Klein Otto Fenichel Karen Horney Heinz Hartmann Ernst Kris and twenty four other pioneers whose influence on psychoanalysis reverberates to this day In a new introduction Eisenstein maintains that while man and his unconscious have not changed much since Freud s time today psychoanalysis is full of many different clinical and theoretical viewpoints Among the ideas being debated are object theory drive theory the oedipal concept intersubjectivity and self psychology Eisenstein also discusses the contributions of psychohistory a recent and significant development in psychoanalysis in which psychological study is applied to historical periods and personalities Psychoanalytic Pioneers will be an important addition to the libraries of psychoanalysts psychologists psychiatrists sociologists historians and anyone interested in the influence of psychoanalysis in our lives Celibacies Benjamin

Kahan,2013-11-25 Arguing that celibacy is a distinct sexuality with its own practices and pleasures Benjamin Kahan shows it to be much more than the renunciation of sex or a cover for homosexuality **Sexual Behavior and Personality**

Characteristics Manfred F. DeMartino,1963 **The Etherized Wife** Leslie Margolin,2021 The Etherized Wife provides a comprehensive examination of the evolution of sex therapy through the prism of gender The book makes the argument that in sex therapy like other domains of life in which men set the standard of normality women have been judged normal to the degree they match men s expectations What is particularly striking about this bias is that it contradicts therapists overt identification with feminism and the battle against women s inequality To support these claims Leslie Margolin maps a series of case studies drawn from the discipline s own literature the articles and books that have been and continue to be treated as exemplars of the discipline s collective consciousness Through examination of case studies which focus on discrepancies in sexual desire where the man wants more sex and the woman less the book shows how therapists have favoured the man s side The Etherized Wife shows how the sex therapy discipline has unintentionally enshrined male sexuality as the model of normal natural healthy sexuality *The Psychoanalytic Quarterly* Dorian Feigenbaum,Bertram David Lewin,Gregory
