From Elephants To Mice Animals Who Have Touched My Soul:

From Elephants to Mice James Mahoney, 2010-03-09 A heartfelt narrative on the many ways animals touch our lives Join veterinarian and animal lover James Mahoney as he shares heartfelt and often heart wrenching stories of a cast of creatures who left a permanent mark on his soul More than just a sentimental memoir this thought provoking collection raises such issues as whether animals experience the same types of emotions as humans whether it is right to use animals in medical research and even whether animals might have a sense of humor Whether you re a dedicated animal activist or just a compassionate animal lover these unlikely stories of survival freedom dignity courage and love will leave you deeply affected

Primate Studies, Ethics and Trauma Robert Ingersoll, Antonina Anna Scarnà, 2023-02-23 *Primate Studies Ethics and Trauma* offers an analytical re examination of the research conducted into the linguistic abilities of the Oklahoma chimpanzees uncovering the historical reality of the research It has been 50 years since the first language experiments on chimpanzees Robert Ingersoll was one of the researchers from 1975 to 1983 He is well known for being one of the main carers and best friend of the chimpanzee Nim Chimpsky but there were other chimpanzees in the University of Oklahoma s Institute for Primate Studies including Washoe Moja Kelly Booe and Onan who were taught sign language in the quest to discover whether language is learned or innate in humans Antonina Anna Scarn s expertise in language acquisition and neuroscience offers a vehicle for critical evaluation of those studies Ingersoll and Scarn investigate how this research failed to address the emotional needs of the animals Research into trauma has made scientific advances since those studies It is time to consider the research from a different perspective examining the neglect and cruelty that was inflicted on those animals in the name of psychological science This book re examines those cases addressing directly the suffering and traumatic experiences endured by the captive chimpanzees in particular the female chimpanzee Washoe and her resultant inability to be a competent mother This book discusses the unethical nature of the studies in the context of recent research on trauma and offers a specific and direct psychological message proposing to finally close the door on the language side of these chimpanzee studies This book is a novel and groundbreaking account It will be of interest to lay readers and academics alike Those working as research experimental and clinical psychologists will find this book of interest as will psychotherapists linguists anthropologists historians of science and primatologists as well as those involved in primate sanctuary and conservation
