of self discovery and the answer to our suffering emptiness and loss of meaning is learning to see in a different way The mystical adventure is all in the seeing says John Greer From departure to arrival nothing changes but our eyes But the process isn t that simple In this all embracing work that is destined to become a classic Greer artfully traces the steps and stages of the delicate process of awakening He shows how we can move from society s hand me down version of reality to the wonder of our true nature from conceptual habitual patterns of thinking to knowing the truth by being Like a master artist who captures an image and stirs something deep inside of us Greer also highlights nearly one hundred evocative metaphors as varied and colorful as the sages themselves to kindle your imagination and spark your intuition to shift your perspective and shake you into an awareness that no amount of explanation can What Greer shows with great wisdom and compassion is that when you put aside the map of the mind you can follow the compass of your heart You can move through the details of life going to work raising a family throwing out the garbage and still experience the wonders and oneness of life with deep reverence gratitude and joy Books often describe journeys Seeing Knowing Being actually takes you on one A profound expedition into the true nature of life MATTHEW FLICKSTEIN author and producer of the award winning film With One Awakening Rodney Smith, 2014-03-11 An amazingly succinct and accessible answer to the question What is Voice enlightenment from one of America's most prominent teachers of Insight Meditation Former Buddhist monk and highly regarded Insight Meditation teacher Rodney Smith describes the process of enlightenment in a way anyone can understand demonstrating in clear language why we operate with the illusion of separation how we can move out of it to the realization of emptiness and no self and how we can live from that state of awakening He provides brief powerful exercises that enable us to challenge the reality of our thoughts in order to free ourselves from the illusion they keep us bound to all the while steering us away from the temptation to regard spiritual practice as a process of self improvement or a goal to be obtained With systematic precision and with subtle wisdom born of a lifetime of practice Rodney Smith uses science psychology and traditional Buddhism to explain the unexplainable the how and why of authentic spiritual awakening an original work by a contemporary spiritual master at the height of his powers Norman Fischer author of Training in Compassion <u>Discourses on Awakening Mark Griffin, 2012-12-03 These are excerpts taken from the teachings of Meditation Master Mark</u> Griffin relating concepts such as shaktipat the divine nature of breath and the alchemy a guru performs to help us transform into our realized Self One of the important themes you will find throughout the book is that our human form is a gift that allows us to awaken to eternal possibilities we never imagined Mark allows us to see our inherent divine nature and claim our universal inheritance which is to merge with the ocean of love or God from which we all emanate These verses cover concepts such as the nature of Kundalini the architecture of the human form the transformation process of awakening meditation and the challenges of living a spiritual life Each discourse is short enough to read as a daily inspiration and deep enough to totally reset your thinking and understanding of life itself This is volume 5 of the Essential Spiritual Training series from Hard Light Publishing Mark Griffin illuminates the process of awakening not with a flashlight but with a klieg light Finally a Westerner has undergone a profound and mysterious transformation and returned to illuminate the path for us all His enlightening and insightful book 108 Discourses on Awakening is perfect for quickly finding your daily inspirational reading Softcover book 166 pages 8 3 x 5 4 First Edition Published July 30 2004 Second Edition published Dec 2011 ISBN 13 978 0975902004 Beyond the Power of Now L. Ron Gardner, 2012-09 Eckhart Tolle is perhaps the most popular spiritual guru in the world His books have topped the New York Times Bestseller List and his core teaching achievement of liberation via the power of Now has become the guiding light of the New Age movement But according to L Ron Gardner author of Beyond the Power of Now there is a problem a big problem with Tolle's core teaching Tolle never explains what exactly the power of Now is Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit Tolle doesn't say He continually refers to the Bible and Jesus in his book but shockingly never once mentions the Holy Spirit and how it relates to the Power of Now L Ron makes it clear that the true Power of Now is the Holy Spirit which is the same divine Light energy as Hindu Shakti and the Buddhist Sambhogakaya He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it To some Eckhart Tolle is a New Age visionary describing a new earth that can materialize if mankind en masse awakens to the power of Now But according to L Ron Gardner he is simply a histrionic ranter full of empty rhetoric Throughout this book L Ron continually points out from different angles the folly of Tolle's New or Now Age chimera and describes the social system that represents mankind's sociopolitical salvation Beyond Tolle's teaching about the power of Now and rhetoric about a new earth L Ron takes the renowned guru to task on virtually every subject he addresses Most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the Now 5 the inner body is the direct link to the Now 6 your cells stop aging when you live in the Now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are Zen masters Eckhart Tolle s teachings are replete with erroneous ideas and L Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions
