## **Global Poverty Democracy And North South Change:**

**Global Poverty, Democracy and North-south Change** Steven Langdon,1999 Democracy as a process of change is led increasingly by movements in the so called southern countries People s groups that are not part of the alliance of richer industrialized states are seeking social justice that can benefit the excluded and less powerful from both the north and south

*Global Transformations and World Futures - Volume I* Sohail Tahir Inayatullah,2009-10-20 Global Transformations and World Futures is a component of Encyclopedia of Development and Economic Sciences in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Global Transformations and World Futures in two volumes deals with the diversity of points of view on this complex subject The chapters in these volumes are organized into three groups The first starts with chapters introducing the Global transformations in Knowledge Social and Cultural issues Issues such as the nature of global science the challenge of building real communities in a virtual world and the transition from an information economy to a communicative economy are explored The second presents the Global Economy The final group discusses the World Futures These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs

*Genocide, War Crimes and the West* Doctor Adam Jones,2013-07-04 Genocide and war crimes are increasingly the focus of scholarly and activist attention Much controversy exists over how precisely these grim phenomena should be defined and conceptualized Genocide War Crimes in most cases their contributions are specifically written for this volume In the opening and closing sections of the book analytical issues are considered including questions of responsibility for genocide and war crimes and institutional responses at both the domestic and international levels The central section is devoted to an unprecedentedly broad range of original case studies of western involvement or alleged involvement in war crimes and genocide At a moment in history when terrorism has become a near universal focus of public attention this volume makes clear why the West as a result of both its historical legacy and contemporary actions so often excites widespread resentment and opposition throughout the rest of the world

**Grameen Bank Multiple Services in Bangladesh** Kazi Abdur Rouf,2018-10-16 The book narrates Grameen Bank GB and its sister organizations multiple services in Bangladesh and other MFIs services in different countries that the author has received from his working experience The author was involved in GB credit plus many programs in Bangladesh The book informs readers about Grameen Bank s multidimensional services that have been functioning in Bangladesh since its inception 1976 Many articles of the book published in different international journals like International Journal of Research Studies in Management and International Journal of Research Studies in Education Emerald Publishing UK The book describes how Grameen Bank GB women borrowers and other MFIs borrowers have handled their microcredit borrowing their savings and how MFIs could serve better to microborrowers for their social political and economic

empowerment within their community Each article of the book also contains how MFIs could serve better integrated financial services socioeconomic services for the microborrowers to disadvantaged women that can lead to better provision of integrated microcredit services to them The book is also looking for solutions to empower microborrowers socioeconomic development in Bangladesh in addition to Grameen group based microcredit program

**Civil Society in Question** Jamie Swift,1999 In this concise critical study of civil society Jamie Swift sketches the history of the concept from its roots in the eighteenth century to the present Swift looks at its practical application in specific cases such as Canada's Victorian Order of Nurses and with community based groups in South Asia India Nepal Pakistan Sri Lanka and Bangladesh He examines the relationship between voluntarism the state politics and the market and considers the motives and priorities of those using the term today

**Cyberculture and New Media** ,2009-01-01 In the extension of digital media from optional means to central site of activity the domains of language art learning play film and politics have been subject to radical reconfigurations as mediating structures This book examines how this changed relationship has in each case shaped a new form of discourse between self and culture and illustrates explicitly the character of mediated agency beyond the formal separateness from lived experience that was once conveniently termed the virtual and which has come to influence common assumptions about creative expression itself

**Rethinking World Government** James A. Yunker,2005-07-11 This groundbreaking volume issues a powerful challenge to conventional thinking that a world government would be undesirable as it might develop into global tyranny Rethinking World Government argues for a limited world government that would make an essential contribution to the future security and prosperity of civilization and would aid today's economic and cultural globalization Visionary yet pragmatic this book will be of special interest to those who wonder whether effective global governance might require an effective global government

**Political Globalization** James A. Yunker,2007-08-05 According to conventional opinion world government would be undesirable because it might develop into global tyranny as well as almost certainly entailing bureaucratic overload This work vigorously contests this conventional opinion on the basis of an innovative plan for a limited world government tentatively designated the Federal Union of Democratic Nations Although the proposed federation would represent a quantum advance beyond the United Nations of today it would at the same time operate under some key restraints such as the reserved right of member nations to withdraw from the Federal Union at their own unilateral discretion Yunker argues that despite these restraints the Union would make a valuable contribution to the future security and prosperity of human civilization He makes a compelling case that political globalization could and should complement the ongoing economic and cultural globalization of the contemporary era Visionary yet pragmatic this book represents the most up to date comprehensive and sophisticated advocacy of world government to be found in world federalist literature Although Political Globalization is most directly aimed at international relations specialists and policy makers it will also be highly illuminating and thought provoking to all those with a serious interest in humanity's long term future
